Errata: Corrections to the URL links supplied to access supplementary material in the print and online editions of *PS: Political Science & Politics*, vol.49, no. 4, published online on 12 October 2016 and in print on 24 October 2016.

Cambridge University Press regrets that the URL links provided in the print and online editions of the October 2016 issue of *PS: Political Science & Politics* were incomplete and therefore did not enable access to the supplemental material from the published articles.

The typesetter omitted the numbers “/10.1017” from the URL links to all of the supplementary material published in the October 2016 issue of *PS: Political Science & Politics*. These URL links should have contained the numbers “/10.1017” as part of the full URL.

The original articles have been corrected online to rectify this error.
