Two Important Firms Pool Their Resources

A new milestone in the history of X-Ray development is marked by the amalgamation of 'Solus' and 'Schall'. The directors of both these organisations will continue to guide and control the new company, the policy of which is to promote and maintain the highest possible standards of production

and research, in the confident anticipation that Britain will thus take the lead in this important field. Not only will quality be a constant watchword, but the most exacting demands of users everywhere will be met by comprehensive sales and Replacement Service. Enquiries are invited.

MENTAL HOSPITALS, INSTITUTIONS, HOMES, ETC.

ST. ANDREW'S HOSPITAL

FOR NERVOUS AND MENTAL DISORDERS

NORTHAMPTON

President: THE MOST HON. THE MARQUESS OF EXETER, K.G., C.M.G., A.D.C.

Medical Superintendent: THOMAS TENNENT, M.D., M.R.C.P., D.P.H., D.P.M.

This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients, who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients, and certified patients of both sexes are received for treatment. Careful clinical, bio-chemical, bacteriological, and pathological examinations. Private rooms with special nurses, male or female, in the Hospital or in one of the numerous villas in the grounds of the various branches can be provided.

WANTAGE HOUSE

This is a Reception Hospital in detached grounds with a separate entrance, to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. It contains special departments for hydrotherapy by various methods, including Turkish and Russian baths, the prolonged immersion bath, Vichy Douche, Scotch Douche, Electrical baths, Plombières treatment, etc. There is an Operating Theatre, a Dental Surgery, an X-Ray Room, an Ultra-Violet Apparatus, and a Department for Diathermy and High-Frequency treatment. It also contains Laboratories for biochemical, bacteriological, and pathological research. Psychotherapeutic treatment is employed when indicated.

MOULTON PARK

Two miles from the Main Hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit and vegetables are supplied to the Hospital from the farm, gardens, and orchards of Moulton Park. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

BRYN-Y-NEUADD HALL

The seaside house of St. Andrew's Hospital is beautifully situated in a Park of 330 acres at Llanfair-fechan, amidst the finest scenery in North Wales. On the North-West side of the Estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The Hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the Hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses, and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts, such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent (Telephone No. 2356 and 2357 Northampton), who can be seen in London by appointment.

HEIGHAM HALL, NORWICH

PRIVATE MENTAL HOME

for Nervous and Mental illness. All forms of treatment available. Fees from 4 gns. per week upwards, according to requirements. Vacancies occasionally exist at reduced fees on the recommendation of the patient's own physician.

Apply to **Dr. J. A. SMALL.**

To combat the Depression of Chronic Organic Disease

Many patients with chronic organic disease sink into a persistent depression, characterized by discouragement and even despair. Unless it is effectively combated, this depression may intensify the symptoms of the basic disorder and handicap its treatment. By restoring optimism and interest in useful living, 'Benedrine' Tablets often help to overcome prolonged depression accompanying chronic illness and thus facilitate the general management of the case.

'BENZEDRINE' TABLETS

Each tablet contains 5mg.
 β -aminopropylbenzene
sulphate
(amphetamine sulphate)

**FOR NERVOUS AND MENTAL
DISORDERS**

**Monks Orchard, Eden Park,
Beckenham, Kent**

This Registered Hospital is situated at Monks Orchard in some 250 acres of park, pleasure and farm grounds.

Applications can be considered on behalf of patients of the educated classes in a presumably curable condition. With a view to early treatment, voluntary or uncertified patients are admitted. Patients who can contribute 5 guineas weekly towards the cost of treatment and maintenance may be received as vacancies arise. The Committee will also consider applications for admission at lower rates and in certain cases will be prepared to admit patients free of charge. The comfort of sensitive patients is greatly enhanced by the fact that the majority are given single bedrooms.

Additional Accommodation for Male Patients is now available by reason of completion of war damage repairs.

The Medical Staff have access to a panel of Consultants in cases which present unusual symptoms requiring specialised investigation and treatment.

BARNWOOD HOUSE

GLOUCESTER

CRICKLEY COURT—ONE OF THE SEPARATE VILLAS

A REGISTERED HOSPITAL for the CARE and TREATMENT of LADIES and GENTLEMEN suffering from NERVOUS and MENTAL DISORDERS. Within two miles of the G.W. Railway, and L.M.&S. Railway Stations at Gloucester, the Hospital is easily accessible by rail from London, and all parts of the United Kingdom. It is beautifully situated at the foot of the Cotswold Hills, and stands in its own grounds of over 300 acres. Voluntary Patients of both sexes are also received for treatment. Special accommodation is also provided at four villa residences, all of which stand in their own grounds and are entirely separate from the main Hospital. All the most modern methods of treatment including electric shock and prefrontal leucotomy are used.

For Terms, etc., apply to

G. W. T. H. FLEMING, M.R.C.S., L.R.C.P., D.P.M.,
Physician Superintendent,

who may be seen in London by appointment

TELEPHONE: No. 6207 GLOUCESTER

The Caplan ELECTROCONVULSANT Apparatus

An Improved Lightweight Instrument for the Psychiatrist

The advantages of this new apparatus are that it is simple and quick to operate, it is absolutely safe both for patient and doctor, and it is light in weight and handy in size. It is robust so that it stands up to the strain of routine practical use, and it has been designed in such a way that the risks of technical breakdown have been reduced to a negligible minimum.

STANDARD MODEL. 200/250 volts, 50 cycles A.C. The output is 40-150 volts for 0.1-1.0 second. It is housed in a strong metal cabinet measuring 9 in. x 9 in. x 8 in., and weighs 16 lbs.

PRICE 40 GNS. One year's guarantee. Models are available for immediate delivery on 14 days trial.

Its improved design is based on the rejection of the idea that the convulsant dose can be calculated in advance by measuring the resistance of the patient. Circuits for the measurement of this resistance have therefore been eliminated, thus simplifying not only the construction but also the working of the apparatus (Gerald Caplan, *J.Ment.Sci.*, 1945, 91,200).

A new type of electronic time switch is incorporated, which gives an entirely safe and reliable performance under all conditions.

An arrangement of push button switches prevents accidents to the patient or the nursing staff while the electrodes are being adjusted, and at the same time reduces the actual procedure of administering the shock to its simplest terms. For this reason, and also because the apparatus is so small and easy to handle, the treatment time is greatly reduced.

MULTITONE ELECTRIC COMPANY, LIMITED.

223-7 St. John Street, Clerkenwell, London. E.C.1

ELIXIR GABAIL

(BROMO-VALERIANATE)

The Ideal Sedative in all Nervous Affections

Elixir Gabail combines the sedative action of Bromide and Chloral Hydrate with the nervine and anti-spasmodic deodorised Valerianate. Pharmaceutically it is as pleasant and palatable as it is efficacious from the therapeutic standpoint, the disagreeable odour and flavour of the Valerian having been completely removed without in any way impairing its therapeutic value.

In Hysteria and Psychasthenia it relieves nervous excitement and produces a calm state of mind that is conducive to rapid recovery. It is also of value in states of temporary emotional excitement, in Hypochondriasis and Melancholia.

Dosage: One tablespoonful in water twice or thrice daily. As a hypnotic: two tablespoonfuls in water at bedtime.

Supplied in bottles of 187 c.c. and in bulk for Hospital use.

Literature and Samples on request.

THE ANGLO-FRENCH DRUG Co. Ltd.
