JANE AUSTEN: IRONY AS DEFENSE AND DISCOVERY

By *MARVIN MUDRICK*. In this book Jane Austen emerges from behind the comfortable assumptions of a hundred years and takes her true place among the most stalwart of the great ironists. Mr. Mudrick analyzes all her writings and studies her irony in its sources and development. "An exciting experience . . . An intelligent and continuously critical book on Jane Austen."—*Arthur Mizener* \$5.00

THE SENSE OF SHAKESPEARE'S SONNETS

By *EDWARD HUBLER*. A delightfully written book on Shakespeare's sonnets, which seeks to dispel the notion that they were the beautiful but empty elaboration of conventional matter. Instead, the author reveals that Shakespeare's mind found constant expression in them and that his developing thought fits into the larger context of his thought in the plays. Edward Hubler is professor of English at Princeton.

THE RESTORATION COMEDY OF WIT

By *THOMAS H. FUJIMURA*. This new interpretation of Restoration comedy seeks to rescue it from the prevailing view that the comedies are artificial, satirical, and chiefly distinguished for their verbal brilliance. The first part of the study is devoted to determining what the Restoration meant by wit, what its role was in the comedies, and how the content of the witticism was influenced by contemporary philosophy. The comedies of Etherege, Wycherley, and Congreve are then analyzed in terms of this new perspective, and emerge as realistic, fundamentally serious, and curiously modern. \$4.00
