

New from Duke

The Brazil Reader

History, Culture, Politics

Robert M. Levine and John J. Crocitti, editors

With more than a hundred entries from a wealth of perspectives—*The Brazil Reader* captures the scope of Brazil's rich diversity and distinction as no other book has done.

The Brazil Reader's historical selections range from early colonization to the present day, with sections on imperial and republican Brazil, the days of slavery, the Vargas years, and the more recent return to democracy. They include letters, photographs, interviews, legal documents, visual art, music, poetry, fiction, reminiscences, and scholarly analyses. They also include observations by ordinary residents, both urban and rural, as well as foreign visitors and experts on Brazil. Many pieces have been written or translated expressly for this volume.

544 pages, 60 illustrations, paper \$21.95
