

INERTIAL COORDINATE SYSTEM ON THE SKY

JAY H. LIESKE AND VICTOR K. ABALAKIN (EDS.)

IAU Symposium 141 *Inertial Coordinate System on the Sky* was held in Leningrad, USSR to coincide with the 150th anniversary of Pulkovo Observatory. The sessions were organized into general categories pertaining to the legacy of Pulkovo for inertial systems: current programs at Pulkovo Observatory; concepts, definitions, and models; and the realization and comparison of reference frames.

The book is divided into four parts, comprising, besides the resolutions adopted and the introductory remarks, 142 contributions and an index. Part One: The legacy of Pulkovo for inertial systems and reference frames; Part Two: Pulkovo today; Part Three: Concepts, definitions, models; Part Four: Realization and comparison of reference frames.
