

THE MONUMENTS OF UPPER EGYPT.

A Translation of the "ITINÉRAIRE DE LA HAUTE EGYPTÉ" OF
AUGUSTE MARIETTE BEY.

BY ALPHONSE MARIETTE.

"We can only hope it may be so received as to encourage M. Alphonse Mariette to give us similar translations of his brother's other works."—*Saturday Review*.

"It is a most interesting little volume, and one which no visitor to Egypt should be without; while it contains a fund of information that will be found very valuable to many who may never drink the waters of the Nile."—*Scotsman*.

DR. J. COLLIS BROWNE'S

(Ex. Army Med. Staff)

CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. COLLIS BROWNE was undoubtedly the Inventor of CHLORODYNE: that the story of the Defendant, Freeman, being the Inventor was deliberately untrue, which he regretted had been sworn to.

The Public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

THIS INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium.

Diseases in which it is found eminently useful—Cholera, Dysentery, Diarrhœa, Colics, Coughs, Asthma, Rheumatism, Neuralgia, Whooping Cough, Cramp, Hysteria, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See *Lancet*, December 31, 1864.

From A. MONTGOMERY, Esq., late Inspector of Hospitals, Bombay.

"Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after 18 months severe suffering, and when other remedies had failed."

Mrs. FORBES, Wife of the Chaplain at Paris.

"I cannot speak too highly of Dr. J. Collis Browne's Chlorodyne: I have not in any single instance been disappointed with the result, even in aggravated cases of Indian Cholera."

Extract from *Medical Times*, January 12, 1866.

"Chlorodyne is prescribed by scores of orthodox medical practitioners. Of course it would not thus be singularly popular did it not 'supply a want and fill a place.'"

Extract from the GENERAL BOARD OF HEALTH, London, as to its efficacy in Cholera.

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

CAUTION.—None genuine without the words "Dr. J. Collis Browne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Sole Manufacturer—J. T. DAVENPORT,

33, GREAT RUSSELL STREET, BLOOMSBURY, LONDON.

Sold in Bottles at 1s. 1½d., 2s. 6d., 4s. 6d.

LAMPLOUGH'S PYRETIC SALINE.

"IT CURES SEA-SICKNESS, OR THE WORST FORMS OF BILIOUS OR NERVOUS HEADACHE IN A FEW MINUTES."

Important to all, more especially English Ministers, British Consuls, and Europeans seeking to reside in safety in Tropical and Foreign Climates.

Her Majesty's Representative, the Governor of Sierra Leone, in a letter of request for an additional supply of the PYRETIC SALINE, says—"It is of GREAT VALUE, and I shall rejoice to hear it is in the hands of all Europeans visiting the Tropics."

Is found pre-eminently beneficial in preventing and curing EPIDEMIC SMALL-POX and FEVERS, by Purifying, Invigorating, and Vitalizing the blood. Any person who has already this complaint should take it, and be kept in a cool and darkened room to prevent its leaving any trace on the features. (See the new directions for use.)

It vitalizes and supplies the blood with those saline principles that are lost, altered, or destroyed during hot weather.

In Scarlet, Yellow, Typhus, Jungle, and Eruptive Fevers (or Cholera), also in several other conditions, where the vital current is poisoned by infection, and thereby rendered unfit to support health and life, it has been found eminently beneficial, and its sustaining and purifying influence acts as a preventive to disease, as the numerous unsolicited testimonials accompanying each bottle will prove.

SICKNESS, HEADACHE, and NAUSEA, are in most cases immediately relieved by taking a teaspoonful in a tumbler of cold water. This can be repeated once or twice in two hours, if needful.

SEA VOYAGES.—It is a very valuable accompaniment, and should on no account be omitted. It instantly allays the sickness.

SPECIAL AGENTS FOR LAMPLOUGH'S PYRETIC SALINE:—Simmonds, St. Thomas, West Indies; Treacher & Co., Bombay; Scott, Thompson & Co., Calcutta; Oakes & Co., Madras; Llewellyn, Shanghai. May be obtained of the Proprietor,

H. LAMPLOUGH, CONSULTING CHEMIST,

113, Holborn, E.C., Second Door from Hatton Garden, London; and of all Chemists, in Patent Glass Stoppered Bottles, 2/6, 4/6, 11/- and 21/- each.

CAUTION.—For the protection of the Public and myself against fraudulent and piratic imitations, I have applied for, and again obtained, a perpetual injunction, with costs, against the defendant, a Chemist in Manchester. **OBSERVE**—the genuine has my Name, Trade Mark, and Signature on a Buff-coloured Wrapper.

BRAGG'S VEGETABLE CHARCOAL.

The number of instances of marvellous benefit derived from the steady, persevering use of pure Charcoal would be too numerous to mention. Liver complaints; Jaundice, from long residence in hot climates; removal of Stomach and Intestinal Worms in children and adults; Indigestion, Flatulence, Nervousness; and, in fact, most of the ills which flesh is heir to, have been permanently removed by this simple agent alone. Its action in absorbing impure gases and acidity in the stomach is unrivalled. Recommended by many eminent physicians. See Report from *The Lancet*, August 30th, 1862.
