

# PREHOSPITAL and DISASTER MEDICINE

Médecine Pré-Hospitalière et Médecine de Catastrophe

Volume 6, Number 4

October–December 1991

## **Original Research**

High Risk Pediatric Air Transport  
Fully Automatic vs. Semi-Automatic Defibrillators  
Pulse Oximetry in Rotary Aircraft  
Comparison of Techniques used to Pressure Infuse Fluids  
Health Care Resources in a Marathon

## **Brief Report**

A Device for Simultaneous Compressions and Ventilations  
Seat Belt Use by ALS Providers  
Assessment of a Triage Label System  
Advanced Medical Care Kit

## **Administrator**

Medical Planning for Mass Gatherings  
Helicopters in Mass Casualty Response System  
Hospital Ability to Provide Trauma Services  
Ambulance Diversions by Hospitals  
Emergency Evacuations in Disasters

## **Educator**

Anatomy Workshop

## **Editorial**

Disaster Medicine: A Public Health View  
Endotracheal Intubation

The Official Journal of the  
National Association of EMS Physicians and the  
World Association for Emergency and Disaster Medicine  
in association with the  
Acute Care Foundation and the  
National Association of State EMS Directors

# Invest in a Marquette defibrillator, get the company free

M04293E1

When you buy a defibrillator from Marquette Electronics, you get more than a state-of-the-art piece of equipment. You also get the commitment of a long-established medical electronics company with an unsurpassed record of standing behind its products.

Marquette is a world leader in the manufacture of advanced diagnostic cardiology equipment, critical care monitoring systems and defibrillators. Our innovations have set industry standards for a quarter of a century.

Marquette's Emergency Care Division supplies a wide range of advanced hospital and pre-hospital defibrillators through direct sales offices to more than 50 countries. Our pre-hospital care defibrillators have set a standard for all other manufacturers. Our Responder™ 1500, for example, incorporates the most accurate simultaneous 12-lead ECG analysis system in the world.

So when you buy a Marquette defibrillator you not only get one of the most advanced defibrillators available, you are also purchasing more than 25 years of standard-setting innovation and experience in medical electronics along with a company that stands firmly behind its products.

Postmaster: Send address changes to *Prehospital and Disaster Medicine*, P.O. Box 2789, Carlsbad, CA 92018.

Second-class circulation postage paid at Carlsbad, Calif., and at additional mailing offices.

## For you, today. For your patients, tomorrow.

**T**he international Jems conference, EMS Today, is the reward you give yourself, and the promise you bring to patients who rely on your EMS team's expertise. As a medical professional you know the value of staying current with the latest techniques and the newest treatments-especially in a prehospital emergency setting. When you attend EMS Today, you get the most up-to-date information delivered by professionals from the medical field, and you get the opportunity to discuss critical issues with peers from around the nation and around the world.

Once again, a special Medical Director's Course offers physicians and administrators a unique way to acquire important skills for managing and leading an EMS team. Presented by leading physicians and administrators, this two-day workshop covers the clinical, administrative, political and economic issues that have a direct impact on the practice of EMS medicine.

It's all part of the 10th anniversary of EMS Today. To celebrate, we're bringing you the biggest and best show ever, with more than 18 preconference workshops, 42 sessions, and 100+ exhibitors. All in the enchanting city of Albuquerque.

JIM MALLORY

Don't miss the *Pediatric Provider Program* at EMS Today.

While in Albuquerque, you can browse through nearby art galleries and view lovely historic adobe architecture. Visit spectacular natural rock formations. And even squeeze in a side trip to Santa Fe or Taos. (Skiing will be excellent in March).

# EMS Today Conference

*Featuring*

The National EMS  
Medical Director Course

Please send me a registration package for EMS Today.

I am primarily interested in the Medical Director's Course.

*The National EMS Medical Director Course—new this year.*

And don't forget that you may attend your choice of any of the EMS Today sessions for a single low registration fee. The Jems Con-

ference Team invites you to take this rare opportunity to meet with your colleagues. Come to exchange ideas and to analyze trends, to help build the future of pre-hospital medical care. Come to Albuquerque for an unforgettable experience.

For more information, please call 619/431-8088 or complete and mail the form to:
