JOHN CRANFORD ADAMS, *Hofstra College*  
ARTHUR HOUGHTON, JR., *Steuben Glass, Inc.*

The 1962 Meeting is scheduled to be held in Washington on 27, 28, and 29 December

# Critical Acclaim for 2 Important New Books

## O'NEILL AND HIS PLAYS

EDITED BY OSCAR CARGILL, N. BRYLLION FAGIN, AND WILLIAM J. FISHER

"The most valuable book yet written about Eugene O'Neill, our greatest dramatist, is the compilation of reviews, letters, statements by contemporaries and other data gathered by [the editors]. The revival of interest in O'Neill makes this book important reading."—George Freedley, *The Morning Telegraph*, N.Y.

The book contains the most important reviews of each play which appeared when it was staged, critical and scholarly studies of aspects of O'Neill's work, representative European and American judgments of his status as a dramatist, O'Neill's own writings on the drama and the theater—altogether forming not only a broad portrait of O'Neill and his work but an anthology of some of the best theatrical criticism of the last 40 years as well.

528 pages      Introduction      Bibliography      Appendices      Index      \$7.50

"This admirable anthology is a necessary part of any O'Neill library."—John Barkham, *Saturday Review Syndicate*

"It is an extremely well chosen and edited volume. . . ."—Joseph Wood Krutch, *The New York Times Book Review*

## MICHELANGELO'S THEORY OF ART

BY ROBERT J. CLEMENTS

"A remarkably rich book. . . . It is a carefully integrated, lucidly written work which comes close to supplying that treatise on art which Michelangelo said on a number of occasions he would write, but never did. . . . Clements manages to draw a remarkable portrait of the artist as a man, as craftsman, as a seeker, and to go on from there to a general esthetic of utility and interest to any age. . . . His introduction is a model essay of creative and imaginative scholarship."—Robert Kirsch, *Los Angeles Times*

"One of 1961's three 'books I have enjoyed'."—Vernon Hall, *New York Herald Tribune*

This volume reproduces every recorded statement made by Michelangelo on the subject of art, with critical appraisal by the author. The result is a unified view of the artist's thoughts on the arts he practiced so vigorously and so well, a complete and revealing image of one of the creative titans of all time.

471 pages      22 plates      Introduction      Index      \$10.00

"An unusually good biography outside the usual historical references. . . . A remarkably rich, accurate and fluent treatment of an engrossing theme."—Charles Morgan, *New York Times*

"This is a scholarly book, but the general reader who likes to dig will find much pleasure in it."—*St. Louis Post Dispatch*

*To be published April 1962:*

**VARIETIES OF LITERARY EXPERIENCE: EIGHTEEN ESSAYS IN WORLD LITERATURE.** Edited, and with an Introduction, by Stanley Burnshaw. The central theme is the serious search for new meanings, new orientations in literature. Contributions by Jacques Barzun, Eric Bentley, Germaine Brée, Cleanth Brooks, John Ciardi, Leon Edel, John Gassner, Lionel Trilling, and others, on subjects from Greek tragedy to the New Criticism. Orders now being accepted. 400 pages, index. \$7.50
