

*Three Hundred and Seventeenth Scientific Meeting  
Royal Society of Medicine, London  
19 MAY 1978*

The relationship between body build in infancy and percentage body fat in adolescence: a 14 year follow-up on 102 infants. By J. V. G. A. DURBIN and F. M. MCKILLOP ... ..	81A
Haematological consequences of feeding trout with a single cell protein ( <i>Hansenula anomala</i> ). By F. J. SANCHEZ MUNIZ, M. DE LA HIGUERA, F. J. MATAIX and G. VARELA ... ..	82A
The relationship of the body mass index ( $W/H^2$ ) to 12 year mortality on 3696 men from the west of Scotland. By V. M. HAWTHORNE and J. WOMERSLEY ... ..	83A
Flow and composition of bile in growing pigs. By I. E. SAMBROOK ... ..	84A
The effect of milk substitute concentration on the intake of milk, dry feed and water by the calf. By J. H. TERNOUTH, I. J. F. STOBO and J. H. B. ROY ... ..	85A
Body composition of women assessed by five methods. By P. G. PITTET, S. F. STALLEY, R. HESP and D. HALLIDAY ... ..	86A
The effect of preloads of varying energy density and methyl cellulose on hunger, appetite and salivation. By MERRIL L. DURRANT and P. ROYSTON ... ..	87A
The diet of ten families living in a Himalayan village in India. By ROSEMARY SCOTT ... ..	88A
Guar gum and glucose absorption: absence of evidence for malabsorption. By A. R. LEEDS, N. BOLSTER and A. S. TRUSWELL ... ..	89A
Cortisol effects on protein utilization in growing rats. By OLGA MOREIRAS-VARELA, G. VARELA and M. DE LA HIGUERA ... ..	90A
Energy metabolism during short-term starvation. By K. ROSENBERG and J. V. G. A. DURBIN ... ..	91A
Biochemical adaptations in early starvation: observations on sex difference. By J. BROOM, A. FLECK, D. F. DAVIDSON, C. ROSENBERG and J. V. G. A. DURBIN ... ..	92A

*Three Hundred and Nineteenth Scientific Meeting  
University of Southampton, Southampton  
20 and 21 JULY 1978*

Differences in hepatic extraction of lactate in lactating and non-lactating dairy cows. By G. D. BAIRD, M. A. LOMAX, H. W. SYMONDS and S. R. SHAW ... ..	94A
Differences in the effect of glucose infusion on insulin and glucose production in lactating and non-lactating dairy cows. By M. A. LOMAX, G. D. BAIRD, H. W. SYMONDS, C. B. MALLINSON and S. R. SHAW ... ..	95A
Protein synthesis in cattle. By G. E. LOBLEY, P. J. REEDS and K. PENNIE ... ..	96A
Fat induced hypertension in rabbits. 1. The effects of fibre on blood pressure increase induced by coconut oil. By TAKLA GARDEY, P. G. BURSTYN and T. G. TAYLOR ... ..	97A
Fat induced hypertension in rabbits. 2. The effect of feeding diets containing high concentrations of safflower oil and palm oil. By MARION KENNEDY, P. G. BURSTYN and D. R. HUSBANDS ... ..	98A
Growth, gut fill and hormone levels in pair-fed lambs under two daylengths. By WENDY B. BROWN, R. JONES and J. M. FORBES ... ..	99A
Plasma growth hormone and spontaneous meals in sheep. By P. M. DRIVER and J. M. FORBES ... ..	100A
Acetate production by sheep hind-limb muscle. By D. W. PETHICK and D. B. LINDSAY ... ..	101A
The effect of protein and carbohydrate in very low energy diets on thyroid hormone levels in overweight adults. By P. G. H. BYFIELD, M. L. DURRANT, D. BIRD, M. LAND, P. ROYSTON, R. L. HIMSWORTH and G. S. GARROW ... ..	102A
The quality of protein in the digesta entering the small intestine of sheep. By I. L. JOHNSON, A. THOMPSON and D. G. ARMSTRONG ... ..	103A
Effect of streptozotocin diabetes on protein synthesis in the liver, kidney and intestinal mucosa of young rats. By V. M. PAIN, M. A. McNURLAN, E. C. ALBERTSE, M. J. CLEMENS and P. J. GARLICK ... ..	104A
Isolation of intestinal villus and crypt cells suitable for 'in vitro' studies. By JACQUI BADCOCK and A. M. TOMKINS ... ..	105A
Protein synthesis and amino acid oxidation in growing pigs. By P. J. REEDS, M. F. FULLER, G. E. LOBLEY, A. CADENHEAD and J. D. MACDONALD ... ..	106A
Glucose and urea kinetics in cows in early lactation. By I. BRUCKENTAL, J. D. OLDHAM and J. D. SUTTON ... ..	107A
Manipulation of female growth and efficiency of food utilization. 1. The effects of perinatal testosterone propionate, ovariectomy at 21 d and long-acting testosterone esters from 36 to 38 d of age. By B. N. PERRY and ANNA MCCRACKEN ... ..	108A
Manipulation of female growth and efficiency of food utilization. 2. The effects of auto-immunity to luteinizing-hormone-releasing hormone (LHRH) on growth and food utilization. By B. N. PERRY and ANNA MCCRACKEN ... ..	109A
Manipulation of female growth and efficiency of food utilization. 3. Comparison of the effects of perinatal testosterone and oestradiol on the subsequent growth of female rats. By B. N. PERRY and B. J. A. FURR ... ..	110A
Influence of pre- and perinatal malnutrition on sulphated glycosaminoglycans in rat brain. By C. J. BRANFORD WHITE, J. A. APPLEBY and ALISON HARRIS ... ..	111A
Effects of pre- and perinatal undernutrition on muscle fibre and function in fast and slow rat muscles. By K. F. HOWELLS, T. C. JORDAN and DIANA R. MATHEWS ... ..	112A
Calcium uptake in the intestinal tract of germ-free and conventional chicks. By MAUREEN F. PALMER and B. M. ROLLS ... ..	113A
Effect of total starvation on the number and size of fibres in different skeletal muscles from the young of four species. By K. O. KIM and P. V. J. HEGARTY ... ..	114A

# Proceedings of the Nutrition Society

CONTENTS OF VOL. 37, No. 3, DECEMBER 1978

## SYMPOSIUM PROCEEDINGS

*Three Hundred and Sixteenth Scientific Meeting  
One Hundred and Twenty-fifth Scottish Meeting  
Hannah Research Institute, Ayr  
20 APRIL 1978*

MILK - ITS PRESENT AND FUTURE ROLE IN NUTRITION  
*Chairman: PROFESSOR J. A. F. ROOK, Hannah Research Institute, Ayr*

	PAGE
A history of milk in the food industry. By J. HAWTHORN ... ..	211
Aspects of the value and limitations of milk protein as a food material. By W. MANSON ... ..	217
Milk as a source of lactose, vitamins and minerals. By J. W. G. PORTER ... ..	225
Cows' milk fat and human nutrition. By J. H. MOORE ... ..	231
Clinical effects of consuming milk and its products. By I. MACDONALD ... ..	241
Milk and dairy products as food materials. By P. F. FOX ... ..	247
 <i>Boyd Orr Memorial Lecture</i>	
Problems and politics in nutrition surveillance. By A. M. THOMSON ... ..	317

*Three Hundred and Eighteenth Scientific Meeting  
University of Southampton, Southampton  
20 and 21 JULY 1978*

HORMONES AND FOOD UTILIZATION  
*Chairman: M. R. TURNER, British Nutrition Foundation, London*

Gut hormones. By S. R. BLOOM ... ..	259
Endocrine factors in the control of nutrient utilization: ruminant. By J. M. BASSETT ... ..	273
 <i>Chairman: D. LISTER, ARC Meat Research Institute, Bristol</i>	
Hormonal regulation of the partition of energy between milk and body tissue in adult cattle. By J. A. BINES and I. C. HART ... ..	281
The use of hormones to regulate nutrient utilization in farm animals: current farm practices. By R. J. HEITZMAN ... ..	289
Effect of age and diet on hormone function. By M. R. TURNER ... ..	295
Endocrine factors in the modulation of food intake. By G. A. BRAY ... ..	301
Anabolic agents - some thoughts on their mode of action. By P. J. BUTTERY, B. G. VERNON and J. T. PEARSON ... ..	311

## ABSTRACTS OF COMMUNICATIONS

*Three Hundred and Sixteenth Scientific Meeting  
One Hundred and Twenty-fifth Scottish Meeting  
Hannah Research Institute, Ayr  
21 APRIL 1978*

The estimation of body water and fat in pregnant ewes using deuterium oxide. By R. A. HOUSEMAN, J. J. ROBINSON and C. FRASER ... ..	64A
Biohydrogenation of protected soya-bean oil in sheep fed a low-fibre diet. By J. L. CLAPPERTON ... ..	65A
The energy value to sheep of mixed diets containing alkali-treated straw and ground field beans. By J. S. SMITH, F. W. WAINMAN and P. J. S. DEWEY ... ..	66A
Utilization of volatile fatty acids by young sheep. By E. R. ØRSKOV, D. A. GRUBB, A. J. F. WEBSTER and J. S. SMITH ... ..	67A
A demonstration of marked recycling of molybdenum via the gastrointestinal tract of sheep at low sulphur intakes. By N. F. SUTTLE and N. D. GRACE ... ..	68A
Effect of tallow and whey powder on fermentation of hay and barley, using the Rumen Simulation Technique (Rusitec). By J. W. CZERKAWSKI and GRACE BRECKENRIDGE ... ..	69A
Use of the Rumen Simulation Technique (Rusitec) to study the distribution of microbial matter in the solid and liquid phases of the reaction mixture; sequestration of micro-organisms. By J. W. CZERKAWSKI and GRACE BRECKENRIDGE ... ..	70A
An effect of physiological state on digestion in the ewe. By JANE L. THOMPSON, J. J. ROBINSON and I. MCHATTIE ... ..	71A
Daily variations in the composition of cows' milk. By J. L. CLAPPERTON, D. REID and AGNES G. WILSON ... ..	72A
The cholesterol content of household diets in Britain. By JOSEPHINE A. SPRING, JEAN ROBERTSON and D. H. BUSS ... ..	73A
The vitamin status of elderly independent people living at home in an Australian community. By DELIA M. FLINT, K. SHANNON and A. PARISH ... ..	74A
Branched-chain fatty acids of fallow deer perinephric triacylglycerols. By A. SMITH and W. R. H. DUNCAN ... ..	75A
Fatty acid composition of tissue lipids of rats given dietary branched-chain fatty acids. By A. SMITH, A. K. LOUGH and C. R. A. EARL ... ..	76A
The characterization of body-weight losses in the newly weaned sow. By P. E. ZOIPOULOS, J. H. TOPPS and P. R. ENGLISH ... ..	77A
Digestion by growing pigs of fibrous diets measured over-all and at the terminal ileum. By P. E. ZOIPOULOS, J. H. TOPPS and P. R. ENGLISH ... ..	78A
The effect of a chloroform-containing confection on rumen fermentation in sheep. By S. BASMAEIL and J. L. CLAPPERTON ... ..	79A
