TEMPORAL BONE SURGICAL DISSECTION COURSE

THE Ear Research Institute announces a two-week Temporal Bone Surgical Dissection Course demonstrating the multiple approaches to the structures of the temporal bone as currently used by members of the Otologic Medical Group, Inc.

Each day the course members spend four hours in the dissection laboratory and four hours observing live colour telecasts of surgery which correlates with the dissection of the day. Evenings are devoted to lectures illustrated by slides and motion picture demonstrations. Video tapes in colour from the Institute's Otologic Seminar Library are available for study by course participants.

Twenty-four board certified or board eligible otolaryngologists and residents will be accepted in each course. Courses will be presented in March, April, June and October annually. Advance registrations for courses in 1980 and 1981 are now being accepted. The tuition fee for otolaryngologists is \$1,200 and for residents \$900 in United States currency. Applications of residents must be accompanied by a letter from their Chief of Service.
