

ACTA GENETICAE MEDICAE ET GEMELLOLOGIAE

Vol. XXIV, No. 1-2

1975

CONTENTS

- 3 Twins in Nature, Science, and Society
by L. GEDDA (Rome, Italy)
- 9 The Secular Decline in Dizygotic Twinning Rates in Italy
by W. H. JAMES (London, Great Britain)
- 15 Twins as a Natural Test of Chronogenetics
by L. GEDDA, G. BRENCI (Rome, Italy)
- 31 Congenital Malformations, Twinning and Associated Variables in a Brazilian Population
by A. M. DE ARAUJO, F. M. SALZANO (Porto Alegre, RS, Brazil)
- 41 Monozygotic Twins with Concordance for Down's Syndrome and Congenital Heart Disease
by Z. PAPP (Debrecen, Hungary)
- 47 A Case of Mongolism in DZ Female Twins Studied at 10 and then at 43 Years of Age
by W. W. GREULICH (Stanford, California, USA)
- 63 Dermatoglyphics in Noonan's Syndrome
by H.-D. ROTT, G. SCHWANITZ, M. REITHER (Erlangen-Nürnberg, German Federal Republic)
- 69 Familial 21/22 Translocation
by Z. PAPP, B. DOLHAY, S. GARDO (Debrecen, Hungary)
- 75 Unexpected Findings with the New Chromosome Banding Techniques in a Patient Formerly Diagnosed
as Having G-Deletion Syndrome II
by E. ORYE, M. CRAEN (Ghent, Belgium)
- 83 Leukocyte Morphology and Chromosome Morphology
by B. DALLAPICCOLA, O. BARICORDI, L. CAPRA, C. MAZZILLI (Rome, Italy)
- 97 An Unusual Case of Hemoglobin Bart's Hydrops Fetalis
by I. HALBRECHT, F. SHABTAI (Petah Tikva, Israel)
- 105 A Genetic Study of Plasma Dopamine Beta Hydroxylase Activity in Man
by J. MENDLEWICZ, M. LEVITT, J. L. FLEISS (New York, N. Y., USA)
- 111 On Some Theoretical Studies on Gene Differentiation in Natural Populations
by R. CHAKRABORTY (Houston, Texas, USA)
- 119 Lower Frequency of Diabetes Among Hospitalized Negro than White Children: Theoretical Implications
by M. J. MAC DONALD (St. Louis, Missouri, USA)
- 127 Studies on the Geographical Distribution of Australia Antigen
by S. SETH (Delhi, India)
- 131 Distribution of ABO and Rhesus Blood Groups in G6PD Deficient Chinese and Malay Newborns
by N. SAHA, B. R. HAWKINS, H. B. WONG (Singapore; and Canberra, Australia)
- 137 Genetics of the Rh-Hr Locus in Humans
by S. S. RAZA ZAIDI, S. BEBON, S. H. HADI TAQVI (Philadelphia, Pennsylvania, USA; and Chaklala-
Rawalpindi, Pakistan)
- 145 Genetic Aspects of Childhood Tumours
by J. FRANÇOIS, S. DE BIE, M. MATTON (Ghent, Belgium)
- 151 Some Epidemiological and Genetic Aspects of Congenital Heart Diseases
by N. FREIRE-MAIA (Paraná, Brazil)

Short Notes

- 159 Earlobe Attachment, Hand Clasping and Arm Folding Among Tamil Brahmans in Relation to Cultural and Ethnic Affiliations
by S. SRINIVASAN, D. P. MUKHERJEE (Tirupati, India)
- 161 Frequency of Left-Handedness Among the Andhra Pradesh People
by K. R. DRONAMRAJU (Bhubaneswar, Orissa, India)
- 163 Middle Phalangeal Hair in Some South Indian Populations
by D. B. SASTRY (Mysore, India)
- 165 The a-b Ridge Count in the Gujar Pasis and Kureel Chamars of India
by N. PANDEY, V. K. TANDON (Lucknow, UP, India)
- 167 Phenylthiocarbamide Taste Threshold Distribution Among the Rastogis of India
by S. RASTOGI, D. TYAGI (Lucknow, UP, India)
- 169 Hydrogen Cyanide Smell Sensitivity in Some Indian Populations
by C. VIJAYALAXMI, J. S. MURTY (Hyderabad, AP, India)

Letters to the Editor

- 173 An Unusual ECG Pattern in Two Healthy Identical Twins
by P. A. MACCARINI (Reggio Emilia, Italy)
- 174 Motor Performances in Twins
by R. KOVAR (Prague, Czechoslovakia)
- 175 Nonrandom Anaphase Segregation of Mitotic Chromosomes
by K. MÉHES (Győr, Hungary)
- 176 Virus-Like Particles in Human Leukemic Cells — II
by G. TORRIOLI-RIGGIO, A. CONFORTI, M. RUSSO (Rome, Italy)

Book Reviews

- 185 *Lester J. Unger, In Memoriam*
- 186 *Mario Torrioli, In Memoriam*
