

## ERRATUM

In Cureton, Edward E., Note on  $\phi/\phi_{\max}$ . *Psychometrika*, 1959, 24, 89–92, the first sentence of paragraph 2, page 89, should read “It is well known that  $\phi$  can equal  $+1$  only if  $p_1 = p_2$ , and that it can equal  $-1$  only if  $p_1 = p_2$  ([1], p. 324; [2], p. 342).”
