Editorial

Coronavirus disease 2019: olfactory and gustatory function, negative impact of personal protective equipment on communication, and an antigen testing complication: *Jonathan Fishman, Edward Fisher* 565

Review Article

The Nottingham and Nottinghamshire Hospital for Diseases of the Throat, Ear and Nose (1886–1947): its formation, rise and demise: *PJ Bradley* 566

Main Articles

Remote psychophysical evaluation of olfactory and gustatory functions in early-stage coronavirus disease 2019 patients: the Bologna experience of 300 cases: *M Petrocelli, F Ruggiero, AM Baietti, P Pandolfi, G Salzano, FA Salzano, JR Lechien, S Saussez, G De Riu, LA Vaira* 571

The negative impact of wearing personal protective equipment on communication during coronavirus disease 2019: *T Hampton, R Crunkhorn, N Lowe, J Bhat, E Hogg, W Afifi, S De, I Street, R Sharma, M Krishnan, R Clarke, S Dasgupta, S Ratnayake, S Sharma* 577

Cerebrospinal fluid rhinorrhoea: does fibrin glue change the surgical outcome?: *PB Ganesh, BM Basavarajaiah, BA Rudrappa, SK Kasaragod* 582

Pharmacotherapy failure and progression to botulinum toxin injection in vestibular migraine: *YF Liu, D Macias, L Donaldson, JR Dornhoffer, HG Rizk* 586

The changing nature of paediatric otomycosis in the mid-west of Ireland: *D Westby, N O'Connell, J Powell, JE Fenton* 592

Validation study of an *ex vivo* porcine auricular model for simulation training in otoplasty: *L Li, S Okhovat, T Milner, S Sheikh* 597

Cochlear nerve canal stenosis and associated semicircular canal abnormalities in paediatric sensorineural hearing loss: a single centre study: *Z Zainol Abidin, F Mohd Zak, TY Kew, BS Goh, A Abdullah* 603

High-resolution computed tomography evaluation of congenital aural atresia – how useful is this?: *R Gautam, J Kumar, GS Pradhan, JC Passey, R Meher, A Mehndiratta* 610

Reducing the rate of fistula: does a fibrin sealant act as an adjunct in pharyngeal closure? A two-centre experience: *RR Bance, P Coyle, A Dias, P Kothari, K Shah, J Thaj, F Vaz* 623

Pharyngeal closure after a total laryngectomy: mechanical versus manual technique: *A Sansa-Perna, M Casasayas-Plass, C Rovira-Martínez, M López-Vilas, J García-Lorenzo, M Quer-Agusti, X León-Vintró* 626

Identification of pathogens causing invasive fungal rhinosinusitis in surgical biopsies using polymerase chain reaction: *S Chaturantabut, N Kitkumtorn, A Mutirangura, N Praditphol, A Chindamporn, PS Thorner, S Keelawat* 632

Third window approach assisted middle meatal antrostomy: prospective cohort study of the two ports technique in management of hard to reach maxillary sinus pathology: *MO Tomoum, MH Askar, AH Hamad, A El-Naggar, M Amer* 636

Short Communication

Coronavirus disease 2019 communication: novel sign language system to aid surgical tracheostomy whilst wearing a respirator: *S Wilkinson, E Irvine, T Valsamakis* 642

Clinical Records

Test, test, test – a complication of testing for coronavirus disease 2019 with nasal swabs: *Z Mughal, E Luff, O Okonkwo, CEJ Hall* 646

Ex utero intrapartum treatment to extracorporeal membrane oxygenation: lifesaving management of a giant cervical teratoma: *NH Reeve, JB Kahane, AG Spinner, TJ O-Lee* 650

Book Reviews 654
