(Probability in the Engineering and Informational Sciences, **26**, 2012, 197–220.
doi:10.1017/S0269964811000337)

This paper relies heavily on the authors' previous paper, G. Pang and W. Whitt, **Two-Parameter Heavy-Traffic Limits for Infinite-Server Queues with Dependent Service Times**. *Queueing Systems*, 2012, DOI:10.1007/S11134-012-9303-0. (published online, May 3, 2012). Unfortunately, this 2012 paper was inadvertently omitted from the references, because it was incorrectly judged to be identical to the earlier cited reference, G. Pang and W. Whitt, **Two-Parameter Heavy-Traffic Limits for Infinite-Server Queues**. *Queueing Systems*, vol. 65, 2010, pp. 325–364.

Reference [15] in the published PEIS paper should usually refer to the 2012 paper instead of the 2010 paper.
