List of Members	196
S. N. T. S. 21st General Meeting	295

The New Testament in Historical and Contemporary Perspective

Essays in Memory of

G. H. C. MACGREGOR

Edited by HUGH ANDERSON
and WILLIAM BARCLAY

The editors and contributors have deliberately sought to represent the main areas of New Testament studies, rather than to concentrate on one or two specific themes, and to be up to date with the latest developments. *45s. net*

The Earliest Records of Jesus

FRANCIS WRIGHT BEARE

Seeks to determine the factors which entered into the transmission of the traditions concerning Jesus in the period before they were committed to writing. *35s. net*

Baptism in the Thought of St Paul

RUDOLPH
SCHNACKENBURG

Translated by

G. R. BEASLEY-MURRAY

Devoted to a consideration of the heart of St Paul's baptismal instruction in the sixth chapter of his Letter to the Romans, and its significance for the Church's sacramental theology. *35s. net*

The Last Adam A Study in Pauline Anthropology

ROBIN SCROGGS

Criticises the common interpretation which sees the source of the Adamic language in non-Biblical speculation on primeval man; and attempts to show that Paul's categories gave definitive form to the ancient traditions of Adam. *21s. net*

The Theology of St Paul

D. E. H. WHITELEY

Makes no attempt to 'translate' St Paul's teaching into modern thought-forms, but simply describes just what he believed, against the background of his own primarily Biblical thought. *35s. net*

The Essene Writings from Qumran

A. DUPONT-SOMER

Translated by G. VERMES

'...Dupont-Somer has given a comprehensive study of the Qumran discoveries, as definitive as the present state of the question allows.'—PROF. BRUCE in 1960 Book List of *The Society for Old Testament Study*. *45s. net*

The Judean Scrolls

G. R. DRIVER

Rejects the identification of the original owners with the Essenes in favour of connecting them with one or other of the anti-Roman groups active in Palestine in the first century A.D. *70s. net*

Studies in the Apostolic Fathers and their Background

L. W. BARNARD

The author has particularly concentrated on the background of the Apostolic Fathers and has shown how close these writers stand to Judaism as well as to Christianity. *30s. net*
