TRADE MARK

# 'HEMISINE'

## PREPARATIONS

DRY soluble preparations of an active principle of the supra-renal gland, having hæmostatic and other properties. They are a great advance on fluid products in stability, activity, constancy and convenience. 'HEMISINE' products for ophthalmic, internal, external and rectal use are issued in suitable strengths. 'HEMISINE' blanches the tissues, and in many operations secures for the surgeon a bloodless field.

THE ASTROLOGICAL SIGN  
OF THE FLINT KNIFE AS  
REPRESENTED BY THE  
ANTIEN MEXICANS

The sign of the Flint Knife was allotted to the teeth. Toothache and other ailments connected with the teeth and gums were supposed to be influenced by it.
