## Maya Sacred Geography and the Creator Deities

By Karen Bassie-Sweet

The ancient Maya creation story describes the origin of the world and its people in a setting long assumed to be the Guatemalan central highlands. Karen Bassie-Sweet, a scholar with a deep knowledge of Maya history, shows that all of these mythological events occurred at specific geographic locations and proves that this landscape was the template for the Maya worldview.

Generously illustrated, this ethnohistorical analysis of Maya religion, cosmology, and ritual practice convincingly links mythology to the land.
