

## TANG CENTER FOR EARLY CHINA

唐氏早期中國研究中心  
COLUMBIA UNIVERSITY

The Tang Center for Early China at Columbia University was founded in 2015 through a generous endowment gift from Oscar Tang and Agnes Hsu-Tang. The Tang Center is dedicated to the advancement of the understanding of the richness and importance of early Chinese civilization as a part of a broader common human heritage. It is committed to doing so through both solid scholarship and broad public outreach. The Tang Center sponsors a variety of conferences, workshops as well as public lectures each year including the Columbia Early China Seminar. The Tang Center is especially interested in supporting research initiatives that aim to examine newly discovered paleographic and textual material as well as artifacts, and in promoting the role of archaeology as a path to understand the past.
