Petrarch's Remedies for Fortune Fair and Foul

A Modern English Translation of *De remediis utriusque Fortune*, with a Commentary

Conrad H. Rawski

"... reveals much about the life situation, the external hazards and the inner moral dilemmas of European society from the Renaissance into the Enlightenment. It is the great merit of Rawski's translation and commentary that he makes it possible for scholars and readers who have an interest in this critical age of our own past to gain a vision of life in its actualities, to understand the moral and existential problems as the population of those centuries very widely grasped it. The translation itself is accurate, strong and pungent."
—Charles Trinkaus

The greatest scholar of his age, Petrarch was far more than an inspired writer of Italian love poetry. At the time of its publication in 1366, *De remediis utriusque Fortune* was his most popular and influential work. This guide to the resolution of moral and philosophical crises remains universal and timeless to this day.

A Petrarchan Remedy for Prosperity (Academic Titles):

Joy: I am professor of the Liberal Arts.

Reason: This subject often contains more impudence than knowledge.

A Petrarchan Remedy for Adversity (Poor Health):

Sorrow: My health is unsound.

Reason: Let this serve as a sound reminder to be frugal, to eschew lust, and regard it as your teacher of moderation. . . . Above all else, let me stress one thing: Though you cannot hope for what would please you most, do hope for what is good for you!

Marvelous Possessions

The Wonder of the New World

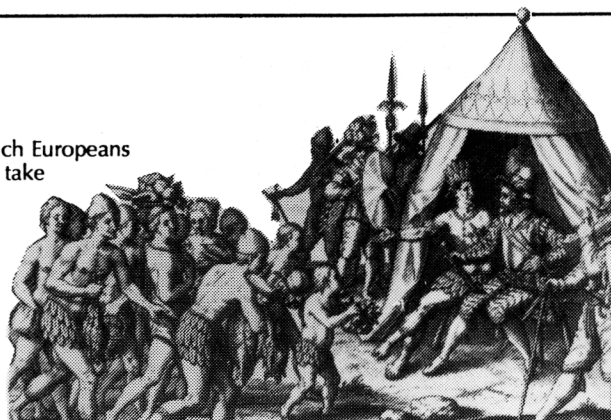

Stephen Greenblatt

A series of brilliant meditations on the ways in which Europeans represented non-European peoples and claimed to take possession of their lands during the Age of Discovery. "A masterpiece of historical research."

—Tzvetan Todorov

"Greenblatt is a critic who is bringing about a transformation in the way people choose to think about the Early Modern period."—Frank Kermode, *London Review of Books*.

Culture and Anomie

Ethnographic Imagination in the Nineteenth Century

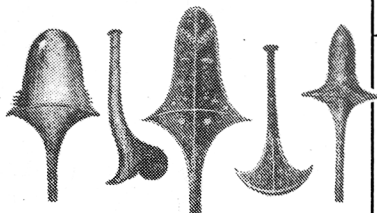

Christopher Herbert

"This courageously independent and original work speaks centrally to perhaps the term at issue in current literary and historical study: the term 'culture.' Christopher Herbert explores not only how the culture idea developed . . . but how we manipulate that idea ourselves."

—James R. Kincaid, University of Southern California

Ezra Pound and the Monument of Culture

Text, History, and the Malatesta Cantos

Lawrence S. Rainey

This study discovers in Pound's formative cantos of 1922 and 1923 an intricate allegory of his entire career, the central impulses of literary modernism, the growth of intellectual fascism, and the failure of critical culture in the twentieth century.

Medieval Misogyny and the Invention of Western Romantic Love

R. Howard Bloch

In this original work, Bloch shows the striking similarity between the antifeminism of medieval times and its supposed antidote, the romantic idealization of woman. "The manner in which he proposes to resolve the contradiction between misogyny and courtly love will long evoke fertile reflections on the condition of women in feudal society."—Georges Duby, Collège de France
