## ERRATUM

Clerc, P. (1998) Species concepts in the genus *Usnea* (lichenized ascomycetes).  
*Lichenologist* 30 (4–5): 321–340.

In the legend to Fig. 3, page 326, the explanation for the symbols has been reversed and should read:

Black bars correspond to Clerc and co-workers: keys in Clerc (1987*a*, 1992), Clerc & Herrera-Campos (1997), Halonen *et al.* (1998), Herrera-Campos *et al.* (1998) and Clerc (unpublished key to *Usnea* in South Eastern North America). White bars correspond to Motyka's characters used in keys of sections and subsections of the genus *Euusnea* in Motyka (1936–1938).
