

*Three Hundred and Ninety-seventh Scientific Meeting
Chapman Art Gallery and Chapman Lecture Theatre, University of Salford
24 APRIL 1984*

McCracken K. J. Effect of diet composition on digestive development of early-weaned pigs	109A
McCracken K. J. & Kelly Denise Effect of diet and post-weaning food intake on digestive development of early-weaned pigs	110A
Tonkiss J., Smart J. L., Edmond J. & Auestad N. S. Further studies of gut enlargement in artificially reared rat pups	111A
Smith L. J., Kaminsky S. & D'Souza S. W. Lingual lipase in neonatal fat digestion	112A
Sissons J. W., Pedersen H. E. & Wells Karen Mucosal morphology in the alimentary tract of calves given heated soya-bean flour	113A
Pedersen H. E., Sissons J. W., Turvey A. & Søndergaard I. Histologic and metabolic responses to soya-bean antigens in the gut of the preruminant calf	114A
Sissons J. W., Pedersen H. E. & Thurston Sheila M. Soya-bean antigen survival in the digestive tract of the preruminant calf	115A
Miller B. G., Phillips A. D., Newby T. J., Stokes C. R. & Bourne F. J. Immune hypersensitivity and post-weaning diarrhoea in the pig	116A
Stokes C. R., Newby T. J., Miller B. G. & Bourne F. J. The induction of gut damage as a result of a transient immune hypersensitivity to dietary antigens	117A
Colley C. M. & Fleck A. A simple pocket computer program for assessing nutritional requirements	118A
Squires J. E. A., Sim A. J. W., Garden O. J., McLelland A., Carr K., Winton C. & Shenkin A. Nutritional audit—experience of a surgical nutritional advisory group	119A
Shenkin A., Winton C., Squires J. E. A., Garden O. J. & Hole D. Assessment of patients at commencement of nutritional support—relation to type of feeding and clinical outcome	120A
Ward H. C., Johnson A. W., Halliday D. & Sim A. J. W. Evaluation of protein synthesis rates after surgery in metastatic malignant disease	121A
Sim A. J. W., Ward H. C., Humfrees A. & Dudley H. A. F. Fat emulsion in 'complete nutritional mixtures' for intravenous feeding—a clinical evaluation	122A
Russell C. A., Evans S. J. & Mabbutt C. A comparison of the absorption from 'chemically-defined elemental' or 'whole protein' enteral feeds by the human small bowel	123A
Odonkor P. O., Adzaku F. K. & Adae S. K. Absorption of sugars in sickle cell disease	124A
Lough M., Main A., Russell R. I. & Shenkin A. Vitamin E and selenium status in Crohns disease	125A
Sian M. S. & Greenhalgh R. M. The effect of diet on bile acid and neutral steroid excretion in relation to the risk of colon cancer	126A
Hall M. J., Goodison D. & Barry R. E. Treatment of refractory obesity with a low-energy liquid diet—preliminary results	127A
Abalaka Joseph A., Huq Razia S. & Stafford Winifred L. The folate status of pastoral Fulani communities in northern Nigeria	128A
Quarterman J. & Fearn Lynne M. The influence of diet on intestinal mucin production	129A
Rose S. J. The influence of diet on stool buffer capacity	130A
Latunde-Dada Y. & Neale R. J. Effect of soya-bean protein on chicken meat iron absorption	131A
Leat W. M. F. & Harrison F. A. The complex origin of lymph phospholipids in the sheep	132A
Harrison F. A. & Leat W. M. F. Lipid absorption in sheep with two types of biliary fistulation	133A
Close W. H., Harrison F. A. & Heavens R. P. The effect of re-entrant fistulation of the ileum on the heat loss of adult sheep	134A
Yong Tan Pui, Ng T. B. & Saha N. Dietary intakes of three ethnic groups of Singapore	135A

*Three Hundred and Ninety-eighth Scientific Meeting
Royal Society of Medicine, London
15 MAY 1984*

Tomkins A. M., Hayes R. & Dunn D. Seasonal changes in nutritional status of urban Gambian children	137A
Tomkins A. M., Garlick P. J., Fern E. & Waterlow J. C. The effect of acute malaria infection on nitrogen metabolism in young children	138A
Chung-a-on K. O., Thomas D. E., Tidmarsh S. F., Shaw D. M. & Dickerson J. W. T. Vitamin status of elderly residents in Part III accommodation	139A
Tidmarsh S. F., Chung-a-on K. O., Thomas D. E., Shaw D. M. & Dickerson J. W. T. Tryptophan and related variables in Part III accommodation residents	140A
Hart Alexandra D. & Grimble R. F. Effect of methylxanthines on the volume and composition of milk from Wistar rats	141A
Jones Eleri & Hughes R. E. The influence of dietary pectin on the uterus in mice and rats	142A
Bisdee Joanna T. & James W. P. T. Menstrual cycle hormonal changes and energy expenditure	143A
Richard D. & Trayhurn P. A study on energetic efficiency during pregnancy in mice	144A
Banks W., Clapperton J. L., Muir D. D. & Girdler Anne K. Changes in milk fatty acid and soluble citrate concentrations caused by short-term feeding of oil to dairy cows	145A
Mercer S. W. & Trayhurn P. A comparative study on the influence of high-fat diets on thermogenesis in brown adipose tissue of cold-acclimated rodents	146A
Rothwell N. J. & Stock M. J. Energy balance and thermogenesis in young male and female rats given a cafeteria diet	147A
Ashwell M., Rothwell N. J., Stirling D., Stock M. J. & Winter P. D. Changes in mitochondrial uncoupling protein and GDP-binding in brown adipose tissue of cafeteria-fed rats	148A
Bisdee Joanna T. & James W. P. T. Carbohydrate-induced thermogenesis in man	149A
Ahmad Mousa Numan & Leeds Anthony Richard Erythrocyte (Na ⁺ -K ⁺)-ATPase (EC 3.6.1.3) in normal man: relationship with indices of body composition, energy expenditure and racial origin	150A
Griffiths M., Hoinville E., Rivers J. P. W. & Fox P. T. Obesity in children—a single state or a set of conditions?	151A
Lean M. E. J., Tennison B. R. & Williams D. R. R. Acceptability of sucrose in the diabetic diet	152A
Sanchez-Castillo Claudia P., Warrender S., Whitehead T. & James W. P. T. Epidemiological assessment of sodium sources in the diet by the use of the lithium-marker technique	153A
Sanchez-Castillo Claudia P. & James W. P. T. Estimating dietary sources of sodium with lithium-tagged salt	154A
Herfst H., Nelson M. & Woolaway M. The nutritive value of school and hospital meals	155A

Proceedings of the Nutrition Society

CONTENTS OF VOL. 43, No. 3, SEPTEMBER 1984

SYMPOSIUM PROCEEDINGS

Three Hundred and Ninety-second Scientific Meeting
Physiology Lecture Theatre, Guy's Hospital Medical School, London
14 DECEMBER 1983

NUTRITION AND FOOD PROBLEMS OF DIFFERENT AGE GROUPS
Chairmen: A. E. BENDER, Queen Elizabeth College, London
C. E. STROUD, Kings College, London

	PAGE
LAWSON D. E. M. Rickets and osteomalacia	249-256
NAYLOR M. N. Nutrition and dental decay	257-263
DENNEY R. C. & JOHNSON R. Nutrition, alcohol and drug abuse	265-270
DURNIN J. V. G. A. Energy balance in childhood and adolescence	271-279
MUNRO H. N. Nutrition-related problems of middle age	281-288
EXTON-SMITH A. N. Cross-sectional and longitudinal studies in the elderly	289-294
DAVIES LOUISE Nutrition and the elderly: identifying those at risk	295-302
HOLDSWORTH M. DIANE & DAVIES LOUISE Nutrition at retirement age	303-313

Three Hundred and Ninety-eighth Scientific Meeting
Royal Society of Medicine, Wimpole Street, London
15 MAY 1984
PRESIDENTIAL ADDRESS

WATERLOW J. C. Our Society in the 1980s	315-318
---	---------

ABSTRACTS OF COMMUNICATIONS

Three Hundred and Ninety-fifth Scientific Meeting
One Hundred and Fifty-sixth Scottish Meeting
Chemistry Building, Meston Walk, Old Aberdeen
4/5 APRIL 1984

STRAIN J. J., FALLOWFIELD H. J. & GARRETT M. K. The composition and nutritive value of <i>Chlorella vulgaris</i> grown in laboratory scale and pilot plant culture	92A
ABOUZIED M. M. & MOSTAFA M. M. Production of single cell protein on potato-processing-waste media	93A
BELL J. G. & COWEY C. B. Activities of glutathione peroxidase (EC 1.11.1.9), glutathione transferase (EC 2.5.1.18) and pyruvate kinase (EC 2.7.1.40) in tissues of rainbow trout (<i>Salmo gairdneri</i>) deprived of selenium and vitamin E	94A
MATHUR G. N., SCAIFE J. R. & TOPPS J. H. Mineral elements affecting rumen microbial synthesis in an in vitro system	95A
RADCLIFFE M. A., ASHALL C. & CAMPBELL D. M. In vitro responses of subcutaneous fat obtained from two sites in unanaesthetized women during pregnancy and postnatally	96A
WAHLE K. W. J., DUNCAN ALISON M. & COUTTS LESLEY Cardiac phospholipid fatty acid composition in obese and lean Zucker rats	97A
CAYGILL CHRISTINE, BARTHOLOMEW BARBARA & HILL M. J. Relationship between drinking-water nitrate and total nitrate intake	98A
TUTTLE SHEENA, AGGETT P. J., CAMPBELL DORIS M. & MACGILLIVRAY I. The iron status and dietary Fe intake of non-supplemented pregnant women	99A
PETER D. W. & SUTTLE N. F. Factors influencing Cu:Zn superoxide dismutase (EC 1.15.1.1) activity in ovine blood and its use in the diagnosis of hypocuprosis	100A
SATO M., MEHRA R. K. & BREMNER I. Plasma metallothionein-I assays in the diagnosis of zinc deficiency in rats	101A
WOOLLIAMS J. A., WOOLLIAMS C., WIENER G., JONES D. G. & SUTTLE N. F. An association between lamb mortality and copper status in different breeds of sheep	102A
SUTTLE N. F., JONES D. G., WOOLLIAMS J. A., WOOLLIAMS C. & WIENER G. Growth responses to copper and selenium in lambs of different breeds on improved hill pastures	103A
THOMPSON J. K. & GELMAN A. L. The absorption of calcium by forage-fed lambs	104A
BANKS W., CLAPPERTON J. L., GIRDLER ANNE K. & MUIR D. D. The triglyceride composition of bovine milk fat and the diet of the cow	105A
MACLEOD M. G., WHITEHEAD C. C., GRIFFIN H. D. & JEWITT T. R. Energy and nitrogen metabolism in broiler chickens selected for high and low body fat content	106A
MACLEOD M. G. & JEWITT T. R. Heat production and food intake in turkeys given diets of widely differing protein: energy values	107A
