

Psychological Medicine

Editors

Kenneth S. Kendler, Virginia Institute for Psychiatric Behavioral Genetics, Virginia, USA

Robin M. Murray, Institute of Psychiatry, London, UK

Now in its fifth decade of publication, *Psychological Medicine* is a leading international journal in the fields of psychiatry, clinical psychology and the related basic sciences. There are twelve issues per year, each featuring original articles reporting key research being undertaken worldwide, together with shorter editorials by distinguished scholars and an important book review section. The journal's success is clearly demonstrated by a consistently high Impact Factor.

UNIVERSITY PRESS

INSTRUCTIONS FOR CONTRIBUTORS

SUBMISSION OF MANUSCRIPTS

Manuscripts may be submitted electronically via email to journal@irishpsychiatry.ie or sfarrell@irishpsychiatry.ie. Full instructions for authors can be found at http://assets.cambridge.org/IPM/IPM_ifc.pdf

Full postal address, email, telephone and fax numbers should be included. Where possible, tables, figures and text should be included in the same document. There is no need to also submit by post or fax.

All submitted material will become the property of the Journal until, and if, publication is refused. Material so referred should not be sent elsewhere for publication.

The Journal will accept for consideration original papers, brief research reports, audits, clinical case reports, review articles, historical papers, perspective articles, editorials, and letters to the editor and book reviews. Original data papers receive top priority for speedy publication.

Manuscripts should be prepared in accordance with the "Uniform Requirements for Manuscripts (URM) Submitted to Biomedical Journals" of the International Committee of Medical Journal Editors (2010).

Declaration of Interest: A statement must be provided in the acknowledgements listing all financial support received for the work and, for all authors, any financial involvement (including employment, fees, share ownership) or affiliation with any organization whose financial interests may be affected by material in the manuscript, or which might potentially bias it. This applies to all papers including editorials and letters to the editor.

Contributors should also note the following:

1. S.I. units should be used throughout in text, figures and tables.
2. Authors should spell out in full any abbreviations used in their manuscripts.
3. Foreign quotations and phrases should be followed by a translation.
4. If necessary, guidelines for statistical presentation may be found in: **Altman DG, Gore SM, Gardner MJ & Pocock SJ** (1983). Statistical guidelines for contributors to medical journals. *British Medical Journal* **286**, 1489–1493.

REFERENCES (1) The Harvard (author-date) system should be used in the text and a complete list of References cited given at the end of the article. In a text citation of a work by more than two authors cite the first author's name followed by et al. (but the names of all of the authors should be given in the References section). Where several references are cited together they should be listed in rising date order. (2) The References section should be supplied in alphabetical order (authors' names in **bold**, journal titles in full), following the text. Some examples follow:

Brown GW (1974). Meaning, measurement and stress of life events. In *Stressful Life Events: Their Nature and Effects* (ed. B. S. Dohrenwend and B. P. Dohrenwend), pp. 217-244. John Wiley: New York.

Brown J (1970). *Psychiatric Research*. Smith: Glasgow.

Brown J, Williams E, Wright H (1970). Treatment of heroin addiction. *Psychological Medicine* **1**, 134-136.

doi (when published online prior to printed issue)

Acute Health Care, Rehabilitation and Disability Prevention Research - National Center for Injury Prevention and Control. (<http://www.cdc.gov/ncipc/profiles/acutecare/default.htm>). Accessed 7 June 2004.

British Psychological Society Research Digest, Issue 12. (<http://lists.bps.org.uk/read/messages?id=1423>). Accessed 17 February 2004.

[Authors are requested to print-out and keep a copy of any online-only material, in case the URL changes or is no longer maintained.]

FIGURES AND TABLES Only essential figures and tables should be included. Further tables, figures, photographs and appendices, may be included with the online version on the journal website. To ensure that your figures are reproduced to the highest possible standards, Cambridge Journals recommends the following formats and resolutions for supplying electronic figures. Please ensure that your figures are saved at final publication size and are in our recommended file formats. Following these guidelines will result in high quality images being reproduced in both the print and the online versions of the journal. **Line artwork:** Format: tif or eps, Colour mode: black and white (also known as 1-bit), Resolution: 1200 dpi; **Combination artwork (line/tone):** Format: tif or eps, Colour mode: grayscale (also known as 8-bit), Resolution: 800 dpi; **Black and white halftone artwork:** Format: tif, Colour mode: grayscale (also known as 8-bit), Resolution: 300 dpi; **Colour halftone artwork:** Format: tif, Colour mode: CMYK colour, Resolution: 300 dpi. All photographs, graphs, and diagrams should be referred to as figures and should be numbered consecutively in Arabic numerals. Captions for figures should be typed double-spaced on separate sheets. *Tables* Tables should be numbered consecutively in the text in Arabic numerals and each typed on a separate sheet after the References section. Titles should be typed above the table.

PROOFS AND OFFPRINTS Page proofs will be sent to the author designated to receive correspondence. Corrections other than to printer's errors may be charged to the author. The corresponding author of each paper will receive a PDF file of their article.

Irish Journal of Psychological Medicine
