

The quantitative analysis of sugars in commercially-available yoghurts. By B. AZADEH, A. ABDULNOUR, P. M. BRAMLEY and I. S. MENZIES	39A
Early postoperative feeding with elemental diet. By S. SAGAR and R. SHIELDS	40A
Retinol content of human livers from autopsies in London. By T. HUQUE and A. S. TRUSWELL	41A
An effect of low- and high-fat diets on the depot fat of rats. By F. P. JENKINS and P. H. HAGUE	42A
Ascorbic acid nutrition on a British Antarctic base. By S. VALLANCE	43A
Meal viscosity, gastric emptying and glucose absorption in the rat. By A. R. LEEDS, N. R. BOLSTER, R. ANDREWS and A. S. TRUSWELL	44A

*Three Hundred and Twenty-sixth Scientific Meeting  
One Hundred and Twenty-eighth Scottish Meeting  
Scottish Hospital Centre, Western General Hospital, Crewe Road, Edinburgh  
2 FEBRUARY 1979*

The attenuation of the suppression of appetite resulting from intraduodenal infusions of glucose by vagotomy in young pigs. By D. B. STEPHENS and F. HERON	46A
The energy requirements for growth in the early-weaned pig. By W. H. CLOSE, M. W. STANIER and M. R. SANZ SAMPELAYO	47A
The influence of plane of nutrition on the carcass composition of the early-weaned pig. By M. W. STANIER, M. R. SANZ SAMPELAYO and W. H. CLOSE	48A
Distribution of vitamin A in human liver. By D. S. McLAREN, Z. MAWLAYI and A. DOWNING	49A
The effect of either raw or boiled potato juice on the digestibility of a diet based on barley in pigs. By R. M. LIVINGSTONE, B. A. BAIRD, T. ATKINSON and R. M. J. CROFTS	50A
Carob meal as an energy source for poultry. By EUGENIA P. KAMARINOU, H. F. WALKER, W. MICKIE and J. H. TOPPS	51A
Nutrient intake in elderly women after femoral neck fracture. By J. W. T. DICKERSON, R. SOPER and M. W. J. OLDER	52A
Dietary intake in human pregnancy. By D. M. CAMPBELL, B. M. CAMPBELL-BROWN, L. JANDIAL and I. MACGILLIVRAY	53A
Carotenoid and retinol levels in the blood of ulcerative colitis patients and controls. By I. M. SHARMAN, A. P. DICK, M. J. G. FARTHING, J. R. BRYANT and S. BEEVOR	54A
Water holding by dietary fibre in vitro and its relationship to faecal bulking in man. By ALISON M. STEPHEN and J. H. CUMMINGS	55A
The effects of protein and energy restriction on plasma transport proteins. By P. S. SHETTY, K. WATRASIEWICZ, R. T. JUNG and W. P. T. JAMES	56A
The effects of beta adrenergic blockade on basal metabolism and peripheral thyroid metabolism. By R. T. JUNG, P. S. SHETTY and W. P. T. JAMES	57A
Changes in hepatic copper stores in pre-ruminant and ruminant lambs given ammonium tetra-thiomolybdate in their diets. By N. F. SUTTLE	58A
Rates of loss of hepatic copper during copper-depletion of cattle. By I. McDONALD, C. F. MILLS, A. C. DALGARNO and ANNE M. SIMPSON	59A

*Three Hundred and Twenty-eighth Scientific Meeting  
University of Surrey, Guildford  
19 APRIL 1979*

Bone demineralization in rats caused by polyunsaturated margarine. By K. R. BRUCKDORFER, NANCY A. WORCESTER and J. YUDKIN	61A
Site differences in fat cell size—a transplantation study. By C. J. MEADE and MARGARET ASHWELL	62A
The use of ruthenium (II) phenanthroline and chromium-EDTA as markers in digestibility studies with rabbits. By KUNJLATA AMIN and A. G. STEPHENS	63A
A simple and cheap respiration chamber for long-term studies of energy expenditure in human beings. By M. I. GURR, M. P. ROBINSON and D. MALTBY	64A
Site of absorption of magnesium from the ovine digestive tract. By T. J. FITT, K. HUTTON and D. G. ARMSTRONG	65A
The effect of increasing potassium intake on absorption of magnesium by sheep. By R. C. MACGREGOR and D. G. ARMSTRONG	66A
Fatty liver and infertility in dairy cows in early lactation. By I. M. REID, C. J. ROBERTS, R. A. COLLINS and SALLY M. DEW	67A
Tissue mobilization in dairy cows in early lactation. By C. J. ROBERTS, I. M. REID, BRENDA V. PIKE and B. R. TURFREY	68A
The use of dye binding for the concurrent determination of protein and reactive (available) lysine in leaf protein concentrate. By ANN F. WALKER	69A
The effect of guar gum on blood alcohol levels following gin and tonic consumption. By JACKI TREDGER, J. WRIGHT and V. MARKS	70A
Retinyl esters, retinol, retinol-binding protein and prealbumin in malnourished, xerophthalmic children treated by injection of vitamin A. By P. ANBUNATHAN and A. PIRIE	71A
Acetate entry rates into portal and peripheral blood in the rabbit. By G. WOODNUTT and D. S. PARKER	72A
Soya-bean products in feeds for preruminant calves. By J. W. SISSONS and R. H. SMITH	73A
Metabolic abnormalities in patients prior to parenteral feeding. By D. J. NEWTON, R. G. CLARK, H. F. WOODS and H. CONNOR	74A
A comparison of several methods for assessing body fat content in mice. By G. P. WEBB and P. D. ROGERS	75A
Transfer of elaidic acid (18:1 $\Delta$ 9- <i>trans</i> ) across the rat placenta. By T. A. B. SANDERS, C. R. SOMAN and D. J. NAISMITH	76A
An evaluation of the impact of breast feeding promotion in Edinburgh. By T. R. KIRK	77A
Dietary saponins and plasma cholesterol. By R. L. HOOD, D. G. OAKENFULL and D. L. TOPPING	78A

# Proceedings of the Nutrition Society

CONTENTS OF VOL. 38, No. 2, SEPTEMBER 1979

## SYMPOSIUM PROCEEDINGS

*Three Hundred and Twenty-fourth Scientific Meeting*  
*Royal Society of Medicine, Wimpole Street, London*  
7 DECEMBER 1978  
STRATEGY FOR NUTRITION RESEARCH  
Chairman: J. C. BOWMAN, Centre for Agricultural Strategy,  
University of Reading

	PAGE
Introductory remarks. By J. C. BOWMAN ... ..	187
Costs and benefits of research. By T. V. L. ULBRICHT ... ..	191
Prevalence of nutritional problems in the world. By D. S. MILLER ... ..	197
 <i>Chairman: J. YUDKIN, 16 Holly Walk, Hampstead, London NW3</i>	
Nutrition research priorities for the Third World. By P. R. PAYNE ... ..	207
Nutrition research priorities for the United Kingdom. By SIR KENNETH BLAXTER ... ..	213
The consumers' view of problems and priorities in nutrition. By J. C. MCKENZIE ... ..	219
The profession of nutrition - an historical perspective. By J. P. W. RIVERS ... ..	225
General considerations on the future of nutrition and its social aspects. By A. NEUBERGER ... ..	233

*Three Hundred and Twenty-seventh Scientific Meeting*  
*One Hundred and Twenty-ninth Scottish Meeting*  
*Zoology Department, University of Aberdeen*  
30 MARCH 1979  
METAL TOXICITIES  
Chairman: C. F. MILLS, Rowett Research Institute, Aberdeen

The toxicity of cadmium, zinc and molybdenum and their effects on copper metabolism. By I. BREMNER ... ..	235
Diet and lead toxicity. By M. R. MOORE ... ..	243
Effect of age on heavy metal absorption. By KRISTA KOSTIAL, I. RABAR, MAJA BLANUSA and MARICA LANDEKA ... ..	251
Current legislation on heavy metals in foods and animal feeding-stuffs. By A. W. HUBBARD and T. J. COOMES ... ..	257
Toxic metal exposure during medication. By G. S. FELL ... ..	263

## ABSTRACTS OF COMMUNICATIONS

*Three Hundred and Twenty-fifth Scientific Meeting*  
*Guy's Hospital Medical School, St. Thomas Street, London SE1 9RT*  
8 DECEMBER 1978

The minimal nitrogen metabolism of lambs. By E. R. ØRSKOV and D. A. GRUBB ... ..	24A
Carbohydrates and nitrogen in stools of East African children. By R. VAN RENS and R. LUYKEN ... ..	25A
The effects of antibodies to dietary protein on the development of atherosclerosis in cholesterol-fed rabbits. By CHITRA PATHIRANA, M. J. GIBNEY, P. J. GALLAGHER and T. G. TAYLOR ... ..	26A
Some effects, in baboons, of consuming a galactose:glucose mixture. By CELIA WILLIAMS ... ..	27A
Seasonal variations in energy intake, body-weight and skinfold thickness in pregnant and lactating women in rural Gambia. By ALISON A. PAUL, ELIZABETH M. MÜLLER and R. G. WHITEHEAD ... ..	28A
The accumulation of copper in the liver of the domestic laying hen. By MARY H. STEVENSON and N. JACKSON ... ..	29A
Some differences between dietary carbohydrates in their effects on weight loss and body-fat in rats. By I. MACDONALD and T. H. GRENBY ... ..	30A
The effect of feeding cellulose to rats and rabbits on the fragility of the erythrocyte membrane. By N. J. GOULDING, D. R. HUSBANDS, P. G. R. BURSTYN and T. G. TAYLOR ... ..	31A
The effect of the dietary addition of Monensin upon digestion in the stomachs of sheep. By J. D. ALLEN and D. G. HARRISON ... ..	32A
The relationship between dietary state, thyroid hormones, oxygen consumption and muscle protein turnover. By D. J. MILLWARD, M. A. HOLLIDAY, P. C. BATES, S. DALAL, M. COX and C. R. C. HEARD ... ..	33A
The effect of snack and beverage consumption on the pH of human dental plaque. By G. N. JENKINS, W. M. EDGAR and A. J. RUGG-GUNN ... ..	34A
The relationship between nitrogen and sulphur excretion in the urine of patients receiving intravenous feeding. By M. H. JOURDAN ... ..	35A
Vitamin D in the nutrition of the cat. By J. P. W. RIVERS, T. L. FRANKEL, S. JUTTILA and A. W. M. HAY ... ..	36A
The effect of palatability on energy intake in two obese women. By MERRIL DURRANT and R. WLOCH ... ..	37A
Serum carbohydrate levels following galactose and galactose plus glucose given to rats. By G. C. NEWSTEAD ... ..	38A
