OVERSEA EDUCATION

*Published for the Secretary of State for the Colonies
Quarterly 1s. net. Annual Subscription, post free, 4s.*

The general aim of this Journal is to encourage educational research and experiment in tropical and sub-tropical areas.

It is hoped that, although primarily for the benefit of the Crown Colonies, the Journal will be found useful in South Africa, Australia, New Zealand, India, and the United States—in fact, in all parts of the world that are interested in the problems of tropical education; and that information from these areas will be contributed which will make *Oversea Education* a clearing-house of knowledge and ideas.

The Journal will include matter to interest and assist not only those engaged in superintendence and organization, but also teachers, and members not only of Education Departments, but also of Medical, Agricultural, Public Works, and other Departments, so far as their educational activities are concerned.
