

CONTENTS

LETTER

- C. M. B. HENDERSON, L. N. KOGARKO AND D. A. PLANT:
Extreme closed system fractionation of volatile-rich, ultrabasic peralkaline melt inclusions and the occurrence of djerfisherite in the Kugda alkaline complex, Siberia 433
- W. COMPSTON:
Geological age by instrumental analysis: the 29th Hallimond Lecture 297
- D. K. TEERTSTRA, P. ČERNÝ AND F. C. HAWTHORNE:
Subsolidus rubidium-dominant feldspar from the Morrua pegmatite, Mozambique: paragenesis and composition 313
- D. K. TEERTSTRA, M. SCHINDLER, B. L. SHERRIFF AND F. C. HAWTHORNE:
Silvialite, a new sulfate-dominant member of the scapolite group with an Al-Si composition near the $I4/m - P4_2/n$ phase transition 321
- Á. FERNÁNDEZ-GONZÁLEZ, M. PRIETO, A. PUTNIS AND S. LÓPEZ-ANDRÉS:
Concentric zoning patterns in crystallizing (Cd,Ca)CO₃ solid solutions from aqueous solutions 331
- I. McDONALD, D. OHNENSTETTER, M. OHNENSTETTER AND D. J. VAUGHAN:
Palladium oxides in ultramafic complexes near Lavatrafu, Western Andriamena, Madagascar 345
- D. J. LARGE, Z. SAWLOWICZ AND J. SPRATT:
A cobaltite-framboidal pyrite association from the Kupferschiefer: possible implications for trace element behaviour during the earliest stages of diagenesis 353
- R. K. W. MERKLE, R. PIKL, S. M. C. VERRYIN AND D. DE WAAL:
Raman spectra of synthetic 'braggite', (Pd,Pt,Ni)S 363
- S. ARAI, H. M. PRICHARD, I. MATSUMOTO AND P. C. FISHER:
Potarite (Pd-Hg) in thermally metamorphosed dunite from the Inazumi-yama ultramafic complex, southwestern Japan: an implication for the behaviour of mercury in PGE mineralization in peridotite 369

CONTENTS CONTD.

E. MAKOVICKY AND S. KARUP-MØLLER: The phase system Fe-Fe-S at 1100, 1000 and 800°C	379
J. V. OWEN AND J. D. GREENOUGH: Scapolite pegmatite from the Minas fault, Nova Scotia: tangible manifestation of Carboniferous, evaporite-derived hydrothermal fluids in the western Cobequid highlands?	387
D. E. HARLOV: Ag-Cu exchange equilibria between α -miargyrite, chalcostibite, pyrargyrite, and high-skinnerite: constraints on Ag-Cu mixing in α -miargyrite and chalcostibite	399
R. MARTIN, K. A. RODGERS AND P. R. L. BROWNE: The nature and significance of sulphate-rich, aluminous efflorescences from the Te Kopia geothermal field, Taupo Volcanic Zone, New Zealand	413
S. J. MATTHEWS, D. H. S. MONCRIEFF AND M. R. CARROLL: Empirical calibration of the sulphur valence oxygen barometer from natural and experimental glasses: method and applications	421
Obituary	439
Book Reviews	441
