THE JULES FRANÇOIS FOUNDATION

The aim of the Jules François Foundation, an institution of public service, is to encourage the development of ophthalmological scientific research in Belgium and abroad.

The Foundation is without philosophical or political opinions and is not influenced by religious belief, opinions or native language of the research workers, nor by the scientific institution for which they work.

THE JULES FRANÇOIS PRIZE

This prize will be awarded every three years to a research worker who has made an important contribution to ophthalmology. The candidates must be not older than forty years of age on 1 January 1980. The amount awarded will be 100,000 BF.

The candidature must be sent to the secretary of the Jules François Foundation by the candidate himself or a third person, accompanied by all the necessary documents for justification. Each candidature must be sent in before 1 January 1980.
