

The background of the advertisement is a dark, monochromatic photograph of several jellyfish. The jellyfish are illuminated from below, creating a glowing effect against the dark water. They are scattered throughout the frame, with some in the foreground and others in the background, creating a sense of depth and movement.

Life Sciences

Books and Journals from
Cambridge University Press

Cambridge is one of the leading publishers in ecology and conservation biology and publishes high quality texts and research across the breadth of the life sciences, focusing particularly on animal behaviour, biological anthropology, evolutionary biology, computational and systems biology, as well as statistics and professional development titles for biologists.

We also have an extensive portfolio of established journals in agriculture, ecology and conservation, and animal science.

The Association for marine professionals

The Marine Biological Association

"The future now is in the hands of those who understand the real importance of the blue part of the planet"

Dr Sylvia Earle Hon.MBA

Join a global community promoting marine science excellence.

Professional Membership of the MBA provides:

- o use of the post-nominal Mem.MBA
- o *The Marine Biologist* magazine
- o access to an Experts Database to connect with other professionals
- o opportunities to influence marine policy
- o a Certificate of Membership
- o an exclusive MBA pin badge
- o access to research awards and grants

And much more!

Fellow FMBA £120*, Professional Mem.MBA £45*, Associate £40*, Student £25
*£5 Direct Debit discount

Providing an authoritative and independent voice for the marine biological community.
