

# CAL STAT<sup>®</sup>

## Protection Between Patients Or Procedures

When a swift hand antiseptic is required, Healthcare personnel turn to Calgon Cal Stat. That's because Cal Stat offers protection to the staff as well as the patient... protection from microorganisms along with protection against dry, cracked skin on the hands. A unique, alcohol-based handrinse, Cal Stat quickly reduces microorganisms on the hands and acts as a skin care lotion to condition the skin. A pleasant scent, coupled with specially formulated emollients, makes Cal Stat the perfect choice for 8 to 10 applications between handwashings in both Routine and High Risk Areas or where handwashing facilities are unavailable.

# For two decades we've been conducting germ warfare.

There's no room in today's hospitals for cost overruns due to germ infection. That's why CIDEX\* Solutions are tackling some major problems facing infection control. From staph to TB. From herpes to influenza.

CIDEX Solutions are the proven leader in asepsis. And your SURGIKOS representative can show you how CIDEX Solutions can help control costs as well as infections. We can help you with in-service training and information about infection control problems.

All you have to do is call 1-800-433-5009. In Texas, call collect 817/467-3555. Remember, with CIDEX Solutions on your side, you can win the battle against infections.
