TRANSACTIONS  
OF THE  
ACTUARIAL SOCIETY  
OF EDINBURGH

VOL. I.

PRINTED FOR THE SOCIETY BY  
THOMAS AND ARCHIBALD CONSTABLE, EDINBURGH  
AND PUBLISHED BY  
CHARLES AND EDWIN LAYTON, FARRINGDON ST., LONDON

1886

## NOTE.

THE present Series of Transactions of the Actuarial Society of Edinburgh was commenced in the year 1878, in consequence of a general feeling of regret that Papers previously printed for the Society had been issued in forms so varied as to prevent their being conveniently bound up together.

In producing a uniform series the Committee of Management did not, any more than formerly, aim at a general publication of the Papers read before the Society, but desired merely to publish from time to time such of these, in addition to Presidential Addresses, as might from one cause or another seem likely to be specially interesting and useful to the Members.

The opportunity has been taken of the issue of the First Volume of the uniform series to append a complete list of Papers read before the Society from its formation in 1859 up to the close of Session 1884-85, which, it is hoped, may prove an interesting Historical Record of the Society.

DAVIDSON WALKER,  
*Secretary.*
