

INFECTION CONTROL & HOSPITAL EPIDEMIOLOGY

VOLUME 32, NUMBER 2

FEBRUARY 2011

ORIGINAL ARTICLES

- 101 Estimating the Proportion of Healthcare-Associated Infections That Are Reasonably Preventable and the Related Mortality and Costs** • Craig A. Umscheid, MD, MSCE; Matthew D. Mitchell, PhD; Jalpa A. Doshi, PhD, Rajender Agarwal, MD, MPH; Kendal Williams, MD, MPH; Patrick J. Brennan, MD
- 115 Infections in Children Receiving Extracorporeal Life Support** • Alena Tse-Chang, MD; William Midodzi, PhD; Ari R. Joffe, MD, and Joan L. Robinson, MD
- 121 Effect of Accounting for Multiple Concurrent Catheters on Central Line-Associated Bloodstream Infection Rates: Practical Data Supporting a Theoretical Concern** • Rebecca A. Aslakson, MD, MSc; Mark Romig, MD; Samuel M. Galvagno, Jr, DO; Elizabeth Colantuoni, PhD; Sara E. Cosgrove, MD, MS; Trish M. Perl, MD, MSc; Peter J. Pronovost, MD, PhD
- 125 Peripherally Inserted Central Venous Catheter-Associated Bloodstream Infections in Hospitalized Adult Patients** • M. Cristina Ajenjo, MD; James C. Morley, PhD; Anthony J. Russo, MPH; Kathleen M. McMullen, MPH; Catherine Robinson, RN, BA; Robert C. Williams, MBA; David K. Warren, MD, MPH
- 131 Is Continuous Subglottic Suctioning Cost-Effective for the Prevention of Ventilator-Associated Pneumonia?** • Corinne Hallais, MD; Véronique Merle, MD, PhD; Pierre-Gildas Guitard, MD; Anne Moreau, RN; Valérie Josset, MD; Denis Thillard, RN; Suzanne Haghighat, PharmD; Benoit Veber, MD, PhD; Pierre Czernichow, MD, PhD
- 136 Effect of Patterns of Transferring Patients among Healthcare Institutions on Rates of Nosocomial Methicillin-Resistant *Staphylococcus aureus* Transmission: A Monte Carlo Simulation** • Maia Lesosky, PhD; Allison McGeer, MD, MSc; Andrew Simor, MD; Karen Green, RN; Don E. Low, MD; Janet Raboud, PhD
- 148 Validity of ICD-9-CM Coding for Identifying Incident Methicillin-Resistant *Staphylococcus aureus* (MRSA) Infections: Is MRSA Infection Coded as a Chronic Disease?** • Marin L. Schweizer, PhD; Michael R. Eber, BSE; Ramanan Laxminarayan, PhD, MPH; Jon P. Furuno, PhD; Kyle J. Popovich, MD; Bala Hota, MD; Michael A. Rubin, MD, PhD; Eli N. Perencevich, MD, MS
- 155 Factors Associated with the Prevalence of Antibiotic Use for the Treatment of Hospital-Acquired Infections at 393 French Hospitals: A Regional Variation Analysis** • B. Amadeo, MSc; C. Dumartin, PharmD; A. G. Venier, MD; A. Fourrier-Réglat, PharmD, PhD; B. Coignard, MD; A. M. Rogues, MD, PhD

SPECIAL FEATURE

- 163 History of SHEA-Sponsored Research: Time to Pass the Torch** • Bryan Simmons, MD; Barbara I. Braun, PhD; James P. Steinberg, MD; Stephen B. Kritchevsky, PhD

REVIEW ARTICLE

- 166 Controlling *Legionella* in Hospital Drinking Water: An Evidence-Based Review of Disinfection Methods** • Yusen E. Lin, PhD, MBA; Janet E. Stout, PhD; Victor L. Yu, MD

THE OFFICIAL JOURNAL OF THE SOCIETY FOR HEALTHCARE EPIDEMIOLOGY OF AMERICA

THE UNIVERSITY OF CHICAGO PRESS

“...the weight of evidence suggests that chlorhexidine-alcohol should replace povidone-iodine as the standard for preoperative surgical scrubs.”¹

Wenzel, *The New England Journal of Medicine*, 2010

Set the new standard every time you prep with ChloraPrep®

ChloraPrep® skin antiseptic has consistently outperformed iodine-based products^{2,3,4,5}. In a landmark study published in *The New England Journal of Medicine*, ChloraPrep reduced total surgical site infections by 41% versus povidone-iodine [9.5% vs 16.1%, respectively].² It's one more reason why ChloraPrep is the proven way to prep.™

VOLUME 32, NUMBER 2

FEBRUARY 2011

CONTENTS CONTINUED FROM COVER

CONCISE COMMUNICATIONS

- 174 **Survey of Patients' Knowledge and Opinions regarding the Use of Indwelling Urinary Catheters** • Steven F. Greer, MD; Ajay K. Sethi, PhD; Michelle T. Hecker, MD; Brandy L. McKinney, RN; Donald M. Dumford III, MD; Curtis J. Donskey, MD
- 177 **Patterns of Ciprofloxacin-Resistant Gram-Negative Bacteria Colonization in Nursing Home Residents** • Parimala Dommeti, MD; Linda Wang, BS; Erika L. Flannery; Kathleen Symons, BS; Lona Mody, MD, MSc
- 181 **Effectiveness of Routine Patient Bathing to Decrease the Burden of Spores on the Skin of Patients with *Clostridium difficile* Infection** • Lucy A. Jury, NP; Dubert M. Guerrero, MD; Christopher J. Burant, PhD; Jennifer L. Cadnum, BS; Curtis J. Donskey, MD
- 185 **Contamination of Hands with Methicillin-Resistant *Staphylococcus aureus* after Contact with Environmental Surfaces and after Contact with the Skin of Colonized Patients** • Usha Stiefel, MD; Jennifer L. Cadnum, BS; Brittany C. Eckstein, BS; Dubert M. Guerrero, MD; Mary Ann Tima, BS; Curtis J. Donskey, MD
- 188 **Tuberculosis among Families of Children with Suspected Tuberculosis and Employees at a Children's Hospital** • Andrea T. Cruz, MD, MPH; Denise Medina, RN, COHN-S; Elaine M. Whaley, RN, BSN, CIC; Kathy M. Ware, RN, BSN, CIC; Tjin H. Koy, MT(ASCP), MPH, CIC; Jeffrey R. Starke, MD

RESEARCH BRIEFS

- 191 **Economic Impact of Outbreaks of Norovirus Infection in Hospitals** • Bruce Y. Lee, MD, MBA; Sarah M. McGlone, MPH; Rachel R. Bailey, MPH; Zachary S. Wettstein; Craig A. Umscheid, MD, MSCE; Robert R. Muder, MD
- 193 **Multicenter, Prospective Surveillance Study of *Staphylococcus aureus* Nasal Colonization in 28 Italian Intensive Care Units: The ISABEL Study** • Pierluigi Viale, MD; Giovanni Gesu, MD; Gaetano Privitera, MD; Biagio Allaria, MD; Nicola Petrosillo, MD; Eleonora Zamparini, MD; Luigia Scudeller, MD, MSc Epid, for the ISABEL Study Group

LETTER TO THE EDITOR

- 198 **Rates of Hospital-Acquired Influenza Due to the Pandemic H1N1 Virus in 2009, Compared with Seasonal Influenza** • Ricardo Rabagliati, MD; Jaime Labarca, MD; Leonardo Siri, MD; Carlos M. Perez, MD; Marcela Ferrés, MD

Infection Control and Hospital Epidemiology (ISSN 0899-823X) is published monthly by the University of Chicago Press, 1427 E. 60th St., Chicago, IL 60637-2954 (<http://www.journals.uchicago.edu/ICHE/>). The editorial office is in Chicago, Illinois.

Editorial Office

Communications should be addressed to the Editor, *Infection Control and Hospital Epidemiology*, 1427 E. 60th St., Chicago, IL 60637-2954; (e-mail: iche@press.uchicago.edu; telephone: 773-702-2538, fax: 773-753-4247). Contributors should consult the Information for Authors, which is available at the journal's Web site.

Advertising

Please direct advertising inquiries to Paul Tucker, Breuning Nagle Associates, 59 Grove Street, New Canaan, CT 06840 (e-mail: paul@bna1.com; telephone: 847-669-1096, fax: 203-801-0011). Publication of an advertisement in *Infection Control and Hospital Epidemiology* does not imply endorsement of its claims by the Society for Healthcare Epidemiology of America, by the Editor, or by the University of Chicago. Correspondence regarding advertising should be addressed to the advertising office in Chicago.

Permissions

Articles may be copied or otherwise reused without permission only to the extent permitted by Sections 107 and 108 of the US Copyright Law. Permission to copy articles for personal, internal, classroom, or library use may be obtained from the Copyright Clearance Center (<http://www.copyright.com>). For all other uses, such as copying for general distribution, for advertising or promotional purposes, for creating new collective works, or for resale, please contact the Permissions Coordinator, Journals Division, University of Chicago Press, 1427 E. 60th St., Chicago, IL 60637 (e-mail: journalpermissions@press.uchicago.edu; fax:

773-834-3489). Articles in the public domain may be used without permission, but it is customary to contact the author.

Subscriptions

Individual subscription rates for 2011 are \$185. Institutional print + electronic and e-only subscriptions are available through JSTOR's Current Scholarship Program and include unlimited online access; rates are tiered according to an institution's type and research output: \$413 to \$1,034 (print + electronic), \$332 to \$884 (e-only). Institutional print-only is \$413. Additional taxes and/or postage for non-U.S. subscriptions may apply. Lower rates for fellows, residents, and students are available at <http://www.journals.uchicago.edu/ICHE>. Individuals have the option to order directly from the University of Chicago Press. Subscription agent for Japan: Kinokuniya Company, Ltd. Free or deeply discounted access is available in most developing nations through the Chicago Emerging Nations initiative (<http://www.journals.uchicago.edu/ceni/>).

Please direct subscription inquiries, requests for back issues, and address changes to Journals Division, University of Chicago Press, P.O. Box 37005, Chicago, IL 60637 (e-mail: subscriptions@press.uchicago.edu; telephone: 773-753-3347 or toll-free in the United States and Canada 877-705-1878; fax: 773-753-0811 or toll-free 877-705-1879).

Postmaster: Send address changes to *Infection Control and Hospital Epidemiology*, University of Chicago Press, P.O. Box 37005, Chicago, IL 60637-2954.

Periodicals postage paid at Chicago, Illinois, and at an additional mailing office.

Find the latest in infection control research and practice information in AJIC

American Journal of Infection Control

EDITOR: **Elaine L. Larson, RN, PhD, FAAN, CIC**

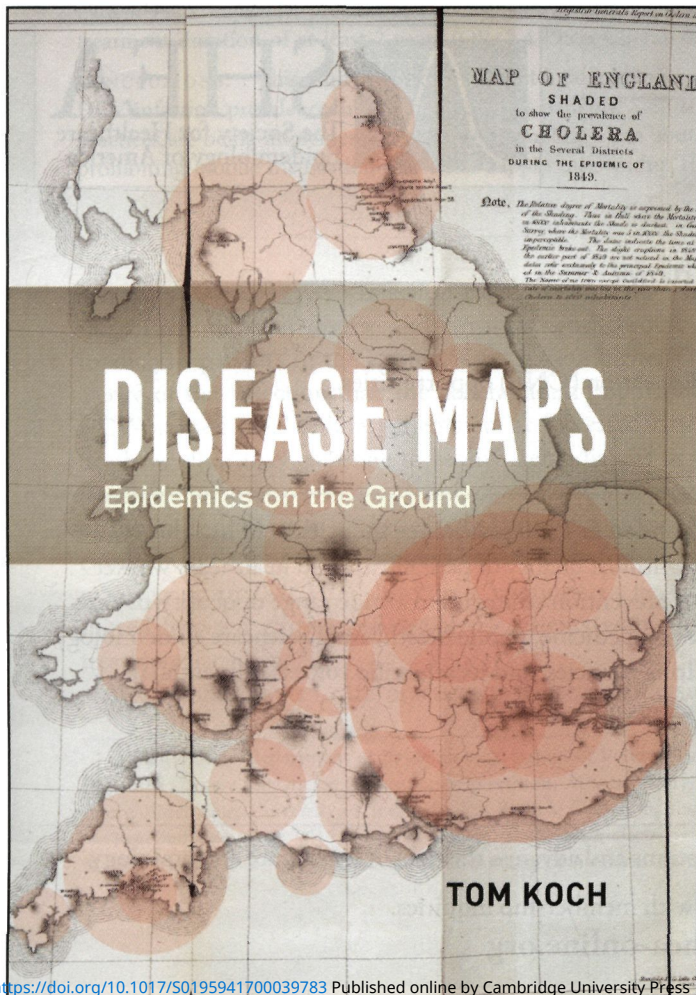

AJIC covers key topics and issues in infection control and epidemiology. Infection control professionals, including physicians, nurses, and epidemiologists, rely on **AJIC** for peer-reviewed articles covering clinical topics as well as original research. As the official publication of the *Association for Professionals in Infection Control and Epidemiology, Inc. (APIC)*, **AJIC** is the foremost resource on infection control, epidemiology, infectious diseases, quality management, occupational health, and disease prevention. **AJIC** also publishes relevant infection control guidelines. **AJIC** is included in Index Medicus and CINAHL.

FORTHCOMING IN MAY

“Disease Maps is an extraordinary visual and narrative treat. I have come to look forward to Tom Koch’s books for the wonderful and unique way that he can synthesize data and present it visually and in the process tell us magnificent stories.”

**Dr. Abraham Verghese,
Stanford University School of Medicine**

“This is a masterful book in conception and structure. It is also extremely well written. What we find on reading is an exquisite telling of the history of the medical science of disease. The collection of medical maps, diagrams, and other illustrations is impressive in scope—there are many disease maps shown that have not been publicly available before or collected in one place.”

**Michael Friendly,
York University**

Clinical Governance

An International Journal

Clinical Governance: An International Journal aims to address the doubts, queries, triumphs and practical applications of introducing quality assurance mechanisms into the delivery of care.

The journal takes an international stance and covers key developments worldwide which can inform best practice in health care. Efficiency, effectiveness and economics are the main factors in the assessment of best practice and all are addressed in the research- audit- and evidence-based papers published. All papers are peer reviewed to ensure their validity and value to current debates.

The journal publishes:

- Research articles which illustrate clear implications for practice
- Results-focused case studies which discuss problems and successes in clinical governance techniques
- Special issues on topical themes

For more information please visit the homepage:
www.emeraldinsight.com/cgij.htm

To submit a paper visit:

Research you can use

TUBERCULOSIS

Small World. Big Disease.

The T-SPOT[®].TB Test

Comprehensive TB testing coverage for high risk groups such as healthcare workers, immunosuppressed, TB contacts, and TB suspects.

Benefits of the T-SPOT.TB Test:

- Reliable in immunosuppressed patients*
- Results not affected by BCG vaccine*
- "One and Done"; no second visit required
- Utilizes standard collection tubes

TB testing available through Oxford Diagnostic Laboratories[®]

TB Screening Just Got Easier.
