Navigating Political Science

Navigating the political science discipline can be a daunting task for those unfamiliar with its nuances. APSA's newest resource offers advice on both handling the challenges presented by the discipline and taking full advantage of its opportunities.

Navigating Political Science: Professional Advancement & Success in the Discipline, edited by Kent Worcester, brings together some of the most noteworthy, discipline-focused contributions to APSA journals published over the past couple of decades. With 28 chapters by 45 contributors, the book touches on topics that range from peer review, mentoring, and faculty governance, to blogging, data collection, and digital media in the classroom. The book should prove relevant for political scientists across the board, from aspiring ABDs to seasoned PhDs.
