

## Index to Volume 5, 2003

<b>A–B</b>		<b>E</b>		<b>L</b>		<b>Q</b>	
abdominal pain	263	education	336	learner-centred	400	qualitative studies	87
access	81	efficiency	131, 271	length of stay	155	quality	131, 271, 351
activator	421	emergencies	394	lidocaine	245		
acute presentations	268	emergency bed shortages	87	lumbar puncture	349		
advocacy	336	emergency department	11, 155, 247, 263, 356, 429			<b>R</b>	
airway management	255	emergency department		<b>M</b>		radiography	309, 416
allergic reaction	421	administration	276	malaria	127	reliability	315
alternative health care		emergency department		medical education	400	research	108
providers	276	role	87	meningitis	394, 349, 412	respiratory syncytial virus	239
Antarctica	171	emergency medicine	268, 331, 336, 406	meningococcal sepsis	268	rural and remote	104
antidote	5, 12	emergency preparedness	18	mental nerve neuropathy	259		
antiretroviral therapy	38	emergency services	276	metastatic carcinoma	259	<b>S</b>	
asthma	169	epinephrine	245, 380			SARS	235, 281, 343, 381, 384
atrial fibrillation	213	Epstein–Barr	263	<b>N</b>		screening	384
BNP	163	evidence-based		needlestick	36, 38, 47	sensitivity	384
		medicine	331, 406	Nepal	424	septicemia	268
<b>C</b>		examination	120	non-occupational exposure	38	spinal cord injury	7
<i>Canadian Emergency Department Triage and Acuity Scale</i>		exception to informed consent	108	nose	356	spleen rupture	263
(see CTAS)				nurse practitioners	276	staff shortages	87
capnography	169	<b>F–G</b>		<b>O</b>		systematic reviews	331, 406
cardiac arrest	49	fibrinolysis	49	observation unit	239		
case definition	384	finger	245	outcome	247	<b>T</b>	
case-mix groups	27	foreign bodies	356	overcrowding	4, 81, 87	terrorism	18
CAEP 2003 Scientific		fractile response	315	overdose	12	tissue plasminogen	
Abstracts key word index	212	fracture	96, 309			activator	421
cervix	120			<b>P</b>		thoracostomy	361
chest pain	125, 237, 247, 308, 380	<b>H</b>		panic disorder	237, 247, 308, 380	thrombolysis	49
children	96, 394	Haiti	54	pelvic	120	thyrotoxic periodic	
clavicle	309	HIV	36, 38, 47	pericarditis	123	paralysis	353
collaboration	429	human resources	276	pneumatis intestinalis	416	thyrotoxicosis	353
conflict	429	humanity	213	pneumothorax	361	toxicology	12
congestive heart failure	163	humour	133	poisoning	12	triage	27, 104, 315
continuous positive airway		hyperkalemia	175, 219	posterior ECG leads	115	tropinin	125
pressure	108	hypoglycemia	268	posterior myocardial			
contrast reaction	167	hypokalemic periodic		infarction	115	<b>U</b>	
corticosteroids	7, 412	paralysis	353	post-exposure		ultrasound	263
cruise medicine	359			prophylaxis	36, 38, 47	urgent care	351
CTAS	27, 104, 155, 315, 323	<b>I–K</b>		postgraduate education	400	urinary tract infection	394
curriculum development	336	informed consent	108	prehospital	108	uterus	120
		injuries	309	presenting complaints	27, 323	utilization	315
<b>D</b>		international EM	54, 424	prevention	336		
diagnosis	384	interrater reliability	120	public health	336	<b>V–W</b>	
disaster	18			pulmonary embolism	49	vascular injury	56
dispute resolution	429			pulse oximetry	239	West Nile virus	101
				pyuria	394	wrist	96
