FULLER THEOLOGICAL SEMINARY

## Christian History in Global Perspective

A CONSULTATION ON GLOBAL CHURCH HISTORIOGRAPHY

Fuller Theological Seminary will sponsor a symposium promoting a reconceptualization of the task of global historiography. As the twentieth century draws to a close, significant changes in the Christian movement worldwide can be observed, causing the necessity to relook at the way church history is to be written. Forty-five noted church historians from around the world will gather April 30 to May 2, 1998, in Pasadena, California, to consider this major shift in the Christian church from Europe and North America to Asia, Africa, and Latin America.

# The Holiness- Pentecostal Tradition

*Charismatic Movements in the Twentieth Century*

Vinson Synan

CALLERD "A PIONEER CONTRIBUTION" by *Church History* when it was first published in 1971 as *The Holiness-Pentecostal Movement in the United States*, this volume has now been revised and enlarged by Vinson Synan to account for the incredible changes that have occurred in the church world during the last quarter of the twentieth century.

Synan brings together the stories of the many movements usually labeled "holiness," "pentecostal," or "charismatic," and shows that there is an identifiable "second blessing" tradition in Christianity that began with the Catholic and Anglican mystics, that was crystallized in the teaching of John Wesley, and that was further perpetuated through the holiness and Keswick movements of the nineteenth and twentieth centuries to the appearance of modern Pentecostalism. Synan then chronicles the story of the spread of Pentecostalism around the world after the heady days of the Azusa Street awakening, with special attention given to the beginnings of the movement in those nations where Pentecostalism has become a major religious force. He also examines the rise of various mainline-church charismatic movements that have their roots in Pentecostalism.

*The Holiness-Pentecostal Tradition* will continue to be an important handbook for shaping our understanding of this religious phenomenon.
