

General notes

UNIVERSITY OF LONDON

BRITISH POSTGRADUATE MEDICAL FEDERATION

THE INSTITUTE OF LARYNGOLOGY AND OTOTOLOGY

330/332 Gray's Inn Road, London WC1X 8EE

WHOLE TIME COURSES FOR POSTGRADUATE STUDENTS

26 JUNE–5 AUGUST 1972

INTENSIVE CLINICAL LECTURE PERIOD for Post-Primary Fellowship, Part II D.L.O. and other students.

These periods are primarily designed to give a clinical survey of the whole field of the Specialty as a preliminary to practical clinical training. At the completion of the Intensive Lecture Period, selected students may be given the opportunity to serve as house surgeons in the associated hospitals.

7 AUGUST–11 NOVEMBER 1972

BASIC SCIENCES CLASS for Part I D.L.O. students.

This consists of approximately 50 lecture/demonstrations on the anatomy of the head, neck, thorax and brain; 20 lectures covering the physiological aspects; 6 on applied pharmacology; and 8 on histological and pathological and bacteriological subjects. Facilities are also available for dissection of the relevant parts, and this occupies about 120 hours.

7 AUGUST–2 SEPTEMBER 1972

BASIC SCIENCES CLASS for Students of Neurology.

This course includes 20 lectures on the anatomy of the brain, spinal cord and motor tracts, 6 lectures on the physiological properties and 5 periods of dissection of the brain.

25 SEPTEMBER–7 OCTOBER 1972

ADVANCED REVISION COURSE for students taking higher surgical examinations.

This is limited to senior students who are about to take the Final examination. In addition to a series of lecture/discussions at the appropriate level in the Specialty and in related branches of general surgery, there are a number of clinical and viva voce sessions and arrangements for the setting and correction of test papers.

General notes

A copy of the syllabus giving full information about the teaching and research facilities provided by the Institute, and a detailed programme of any of the courses listed overleaf and of the short courses on specific aspects which are arranged from time to time can be obtained from the Secretary-Administrator.

The clinical practice can be joined at any time by individual arrangement with the Dean. This includes daily practical teaching in the clinics and operating theatres and ward-rounds and special demonstrations weekly.

Demonstrations of clinical cases, open clinical lectures and clinical pathological conferences are held at regular intervals throughout the year, and are open without fee to all trainees in the Specialty. A list giving dates and times is obtainable in the Secretary-Administrator's office.

1 NOVEMBER–14 NOVEMBER 1972

PRACTICAL REVISION CLASS for Part II D.L.O. students.

This is intended for those students who are well advanced in preparation for the examination and need only the opportunity for a final review. The class includes demonstrations of selected clinical cases and viva voce examinations

SHORT COURSES FOR CONSULTANTS AND SENIOR REGISTRARS

1 month commencing 1 JUNE 1972

Post-Fellowship Advanced Specialty Training Course for Otolaryngology (Consultants and Registrars in the National Health Service are eligible for grant of study leave with pay and expenses to attend these Courses.)

3 JUNE 1972

Modern Diagnostic Techniques in Otology.
(Acoustical, Electro-Physiological and Radiological.)

5 to 10 inclusive JUNE 1972

Practical Surgery of the Nose and Throat, Head and Neck.

12 to 17 inclusive JUNE 1972

Practical Aural Surgery.

COURSE IN LARYNGOLOGY AND BRONCHOSOPHAGOLOGY

The Department of Otolaryngology of the Abraham Lincoln School of Medicine and the University of Illinois Hospital Eye and Ear Infirmary University of Illinois at the Medical Center, will conduct a continuing education course in Laryngology and Bronchoesophagology 13 through 18 November 1972. The course is limited to fifteen physicians and will be under the direction

General notes

1855 West Taylor Street, Chicago, and will include visits to a number of other of Paul H. Holinger, M.D. It will be held largely at the Eye and Ear Infirmary, Chicago hospitals. Instruction will be provided by means of animal demonstrations and practice in bronchoscopy and esophagoscopy, diagnostic and surgical clinics, as well as didactic lectures.
