

Cambridge Yearbook of European Legal Studies

2013–2014, Volume 16

Edited by Albertina Albors-Llorens, Kenneth A Armstrong
and Markus W Gehring

The Cambridge Yearbook of European Legal Studies provides a forum for the scrutiny of significant issues in EU Law, the law of the European Convention on Human Rights, and Comparative Law with a 'European' dimension, and particularly those issues which have come to the fore during the year preceding publication. The contributions appearing in the collection are commissioned by the Centre for European Legal Studies (CELS) Cambridge, a research centre in the Law Faculty of the University of Cambridge specialising in European legal issues.

The papers presented are at the cutting edge of the fields which they address, and reflect the views of recognised experts drawn from the University world, legal practice, and the institutions of both the EU and its Member States. Inclusion of the comparative dimension brings a fresh perspective to the study of European law, and highlights the effects of globalisation of the law more generally, and the resulting cross fertilisation of norms and ideas that has occurred among previously sovereign and separate legal orders.

The Cambridge Yearbook of European Legal Studies is an invaluable resource for those wishing to keep pace with legal developments in the fast moving world of European integration.

CAMBRIDGE YEARBOOK
OF EUROPEAN LEGAL STUDIES

Vol 16, 2013–2014

The *Cambridge Yearbook of European Legal Studies* provides a forum for the scrutiny of significant issues in European Union Law, the Law of the Council of Europe, and Comparative Law with a ‘European’ dimension, and particularly those which have come to the fore during the year preceding publication. The contributions appearing in the collection are commissioned by the Centre for European Legal Studies (CELS), Cambridge, which is the research centre of Cambridge University Law Faculty specialising in European legal issues.

The papers presented are all at the cutting edge of the fields which they address, and reflect the views of recognised experts drawn from the University world, legal practice, and the civil services of both the EU and its Member States. Inclusion of the comparative dimension brings a fresh perspective to the study of European law, and highlights the effects of globalisation of the law more generally, and the resulting cross-fertilisation of norms and ideas that has occurred among previously sovereign and separate legal orders.

The *Cambridge Yearbook of European Legal Studies* is an invaluable resource for those wishing to keep pace with legal developments in the fast moving world of European integration.

This volume can be cited as (2013–2014) 16 *CYELS*.
