

Corrigendum

Reevaluation of vitamin E supplementation of dairy cows: bioavailability, animal health and milk quality – CORRIGENDUM

I. Politis

First published online 21 March 2012

doi:10.1017/S1751731112000225, published by Cambridge University Press, 21 February 2012

In Figure 2 of the article by Politis (2012), presented in *Animal*, an error inadvertently appears in the second ring of all molecules; instead of a hexane ring, a heptane ring is presented. The correct version (hexane ring) of Figure 2 is shown below. The author apologises for any confusion caused.

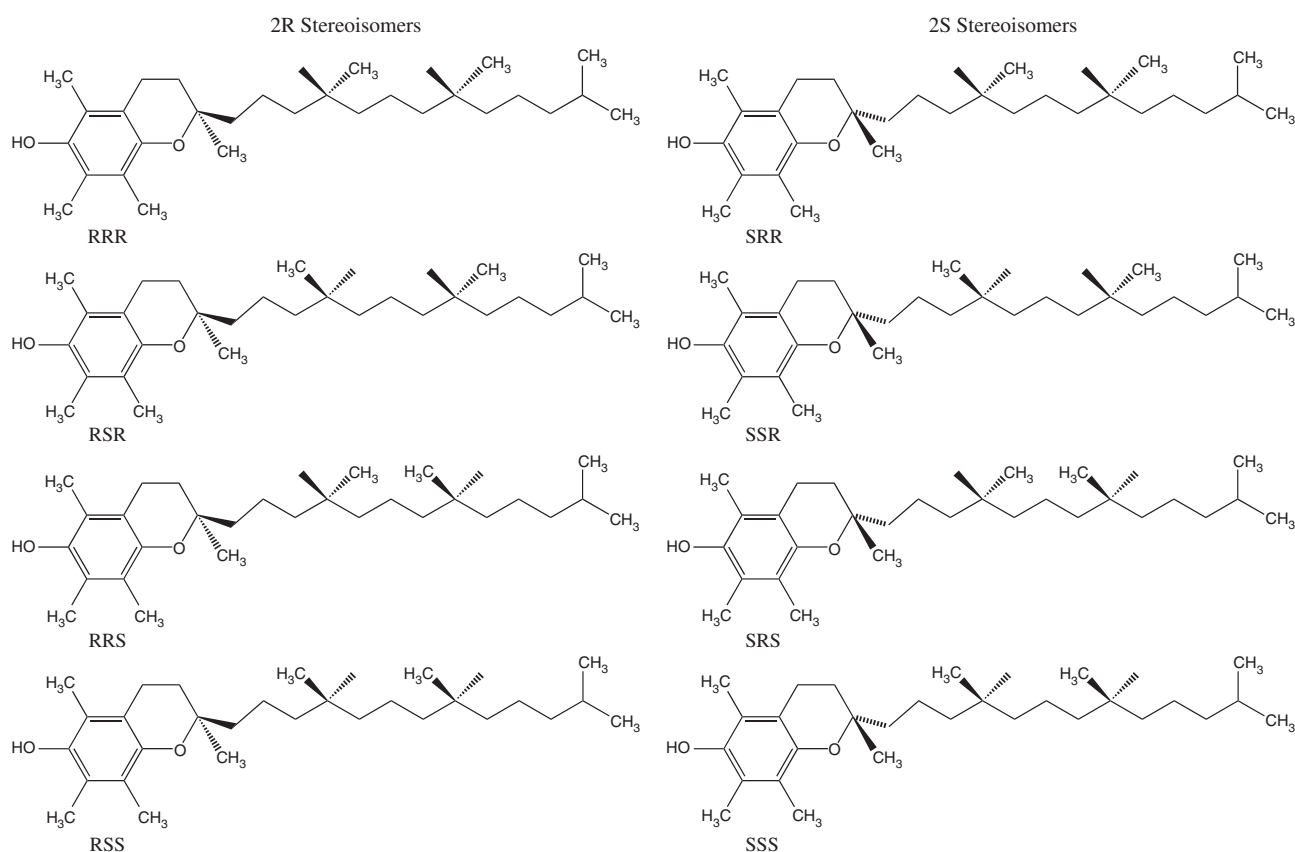

Figure 2 Diagrammatic representation of various stereoisomers of α -tocopherol.
