PROCEEDINGS OF THE NUTRITION SOCIETY

Volume: 73

Number: 4

November 2014

Available online at
www.journals.cambridge.org

Symposia featured in this issue:

Changes in the microbiome in disease and lifecourse
Manipulating the microbiome: health and therapeutic opportunities
Food production systems
Strategies for reducing childhood obesity
Biology of ageing

Proceedings of the Nutrition Society

Volume 73, 2014 ISSN: 0029-6651

Aims and Scope

Proceedings of the Nutrition Society publishes papers and abstracts presented by members and invited speakers at the scientific meetings of The Nutrition Society.

Coverage includes

- Cellular and molecular nutrition (including immunology)
- Nutritional genomics
- Nutrition and the food chain
- Clinical nutrition and metabolism
- Obesity and body composition
- Infant nutrition
- Diet selection and control of intake
- Nutrition and behaviour
- Reproduction, growth and development
- Public health nutrition
- Nutrition policy
- Sports and exercise nutrition
- Animal nutrition and metabolism
- Molecular aspects of nutrition
- Functional foods
- Macronutrient metabolism
- Micronutrients and antioxidants
- Companion animal nutrition
- Epidemiology

The *Proceedings of the Nutrition Society* is published four times a year by Cambridge University Press on behalf of the Nutrition Society. Symposium papers are published in February, May, August and November and are available as hard copy or electronically; Original Communications from individual meetings are published electronically only and comprise an OCE issue.

The journal is available on the Internet at: journals.cambridge.org/pns

Editor in Chief

M O'Sullivan, *Trinity Centre for Health Science, Dublin, Republic of Ireland*

Deputy Editor

A Mostyn, *School of Veterinary Medicine and Science, University of Nottingham, UK*

Editorial Board

M Cantwell, *Queen's University Belfast, UK*

A Chwalibog, *University of Copenhagen, Denmark*

A Cross, *National Cancer Institute, USA*

J E Drew, *Rowett Institute of Nutrition and Health, University of Aberdeen, UK*

M D Robertson, *Diabetes and Endocrinology, University of Surrey, UK*

P Sharp, *Nutritional Sciences Division, King's College London, UK*

M Siervo, *Institute for Ageing and Health, Newcastle University, UK*

Science Committee

K M Younger
Chair/Treasurer

M O'Sullivan
Proceedings Editor

D Bender
Publications Officer

A Gallagher
Programmes Secretary

A Salter
Scientific

E Gibney
Irish Section Secretary

F Thies
Scottish Section Secretary

B Corfe
Cellular and Molecular Nutrition Theme

A Welch
Public Health Nutrition Theme

B Griffin
Whole Body Metabolism Theme

The Nutrition Society has as its objectives the advancement of the scientific study of nutrition and its application to the maintenance of human and animal health.

Honorary Officers of the Society

J J Strain
President

H J McArdle
Secretary

K M Younger
Treasurer

A Gallagher
Programmes Secretary

D A Sewell
External Relations

D Bender
Publications

A Salter
Scientific

B Lang
Training and Education

S Bird
Public Engagement

P Amuna
International Affairs

Application for membership is open to any person who has a genuine interest in the science of human or animal nutrition and its application to human or animal health. Reduced subscriptions are available to full-time student members within 2 years of graduation and retired members, the unwaged and members who reside in very low income countries.

Contents

Royal College of Surgeons, 11–12 December 2013

Conference on ‘Diet, gut microbiology and human health’

Symposium 2: Changes in the microbiome in disease and lifecourse

- Gut microbiota in older subjects: variation, health consequences and dietary intervention prospects
E. M. O’Connor, E. A. O’Herlihy & P. W. O’Toole 441–451
- The microbiome in inflammatory bowel disease and its modulation as a therapeutic manoeuvre
A. L. Hart & P. Hendy 452–456
- Intestinal microbiota during early life – impact on health and disease
L. Nylund, R. Satokari, S. Salminen & W. M. de Vos 457–469

Symposium 4: Manipulating the microbiome: health and therapeutic opportunities

- Irritable bowel syndrome: the problem and the problem of treating it – is there a role for probiotics?
A. R. Santos & P. J. Whorwell 470–476
- Gut microbiota, the Pharmabiotics they produce and host health
E. Patterson, J. F. Cryan, G. F. Fitzgerald, R. P. Ross, T. G. Dinan & C. Stanton 477–489
- Modulating the microbiota in inflammatory bowel disease: prebiotics, probiotics or faecal transplantation?
K. A. Verbeke, L. Boesmans & E. Boets 490–497

Faculté de Médecine, Lille on 28–29 May 2013

Conference on ‘Sustainable diet and food security’

Symposium 2: Food production system

- Agricultural biodiversity, social–ecological systems and sustainable diets
T. Allen, P. Prosperi, B. Cogill & G. Flichman 498–508

Postgraduate Session

- Long-term weight status in regainers after weight loss by lifestyle intervention: status and challenges
M. Stelmach-Mardas, M. Mardas, J. Walkowiak & H. Boeing 509–518

Dublin Institute of Technology, 19–21 June 2013

Conference on ‘Childhood nutrition and obesity: current status and future challenges’

Symposium 4: Strategies for reducing childhood obesity

- Management of obesity in children differs from that of adults
H. Hoey 519–525

Newcastle University, 15–18 July 2013

Conference on ‘Nutrition and healthy ageing’

Symposium 1: Biology of ageing

- Genomics of ageing in twins
M. Mangino 526–531

Plenary Lecture 3

- Plasticity of lifespan: a reaction norm perspective
T. Flatt 532–542

Proceedings of the
Nutrition
Society

Editor in Chief
Associate Professor M. O' Sullivan
Deputy Editors

Forthcoming topics to be featured in *Proceedings of the Nutrition Society* for 2015 (vol. 74):

February issue

- Diet, gut microbiology and human health
(Above proceedings were presented at the NS meeting at the Royal College of Surgeons, London, 11–12 December 2013)
- Irish Section Postgraduate Symposium
(Above proceedings were presented at the NS meeting in Dublin, 13–14 February 2014)

May issue

- Changing dietary behaviour: physiology through to practice
(Above proceedings were presented at the NS meeting at the University of Ulster, 18–20 June 2014)

August issue

- Carbohydrates in health: friends or foes?
(Above proceedings were presented at the NS meeting at Glasgow University, 14–17 July 2014)

November issue

- Food and nutrition security in Africa: new challenges and opportunities for sustainability
(Above proceedings were presented at the 6th Africa Nutritional Epidemiology Conference at the Ghana Institute of Management and Public Administration, Accra, Ghana, 21–25 July 2014)
- Nutrition and age-related muscle loss, sarcopenia and cachexia
(Above proceedings to be presented at the NS meeting at the Royal Society of Medicine, London, 9–10 December 2014)

Original Communications

- Nutrition and age-related muscle loss, sarcopenia and cachexia
(Above proceedings to be presented at the NS meeting at the Royal Society of Medicine, London, 9–10 December 2014)
- Diet, gene regulation and metabolic disease
(Above proceedings to be presented at the NS meeting at Robert Gordon University, 7–8 April 2015)
- Nutrition at critical life stages
(Above proceedings to be presented at the NS meeting at University College Cork, 2015)
- Animal products and human health
(Above proceedings to be presented at the NS meeting at the University of Nottingham, 6–9 July 2015)

This journal accepts advertisements and inserts. We also provide bulk reprints of suitable papers to meet teaching or promotional requirements. Please contact Katy Christomanou at Cambridge University Press for further details.

Subscription information:

Proceedings of the Nutrition Society is an international journal published by Cambridge University Press on behalf of The Nutrition Society as four issues per year. Symposium papers are published in February, May, August and November; Original Communications are published online (only).

Annual subscription rates:

Volume 73, 2014 (4 issues):

Internet/print package: £626/\$1222 Americas only/
€1000 EU only

Internet only: £458/\$892 Americas only/€715 EU only

Japanese Agent: Maruzen Company Ltd, PO Box 5050, Tokyo International, 100-31, Japan.

Back volumes are available. Please contact Cambridge University Press for further information.

Claims for non-receipt of journal issues will be considered on their merit and only if the claim is received within six months of publication. Replacement copies supplied after this date will be chargeable.

Despatch: deliveries outside the UK are by ASP Print-flow Airsaver unless other arrangements are made.

Customers requiring airmail delivery should indicate clearly their requirements and add an additional 10% to the relevant subscription price.

US POSTMASTERS: please send address corrections to *Proceedings of the Nutrition Society*, Cambridge University Press at the New York address.

Directions to Contributors are available from the Society at the address below or can be found on the Society's website at <http://www.nutritionssociety.org> (concise Directions to Contributors can be found inside the back cover).

Offprints: The authors (or main author) of an accepted paper will receive a free PDF file of their paper. Paper offprints are available for a fee and should be ordered at proof stage. No page charges are levied by this journal.

Copyright: As of July 2000 the copyright of all articles submitted to the *Proceedings of the Nutrition Society* is retained by the authors or their institutions. For articles prior to this date permission for reproduction of any part of the journal (text, figures, tables or other matter) in any form (on paper, microfiche or electronically) should be sought directly from the Society, at: The Publications Office, The Nutrition Society, 10 Cambridge Court, 210 Shepherds Bush Road, London W6 7NJ, UK.
