

## Supplement

# Neurocritical Care Symposium

Toronto, June 1993

The President's Symposium on Neurocritical Care was held during the XXVIII Canadian Congress of Neurological Sciences in Toronto on June 19, 1993. The symposium consisted of 5 separate talks by North American leaders in the field and a panel discussion which addressed the issues facing neurocritical care in Canada.

Neurocritical Care		
Precis of Panel Discussion	Bryan Young	Pages S3-S5
Cerebral Blood Flow and Metabolism	Paul Muizelaar	Pages S6-S11
