KTP/532 LASER WORKSHOP**

CME Accredited by BAO-HNS (23 Points)
Approved by European Laser Association (ELA)

**Tyrone County Hospital, Omagh, N. Ireland
16th–19th September 1997**

A two day course in Functional Endoscopic Sinus Surgery with hands on nose-sinus endoscopy will instruct the participant with an in depth account of both morbid and endoscopic anatomy, pathophysiology, diagnosis including imaging techniques and surgical approach with post operative care. Complications and how to prevent them will be discussed in detail.

The course is aided by profuse illustrations, video presentations and live surgery.

The two day KTP/532 workshop aims to instruct the surgeons both basic concepts and the varied applications in E.N.T. & Head and Neck surgery including tissue interactions of various lasers. The latest techniques with KTP Laser. Tonsillectomy, Functional Endoscopic Sinus Surgery, UP3 and microlaryngeal surgery are discussed by didactic lectures and video presentations.

Live Tonsillectomy surgery will be performed with KTP/532 laser on several patients. The delegates will have 'Hands on' training with KTP/532 laser system with various animal tissues and Pig's larynx with micromanipulator.

The course has limited number of places and these will be allocated on a first come first served basis.
