on Toned Paper, illustrated with a large Autotype Plate,*

NUMISMATA CROMWELLIANA:

OR THE MEDALLIC HISTORY OF

Oliver Cromwell;

ILLUSTRATED BY HIS

Coins, Medals, and Seals.

BY HENRY W. HENFREY, F. R. HIST. SOC., &c.

Author of a "Guide to English Coins."

In this work, a complete historical description of all the Coins, Medals, and Pattern Pieces of Oliver Cromwell is attempted for the first time. Vertue, Snelling, Folkes, and Ruding, have all left but very imperfect notes and sketches of Cromwellian numismatics, and Mr. Hawkins never published anything on the subject; thus many vexed questions have not yet been properly discussed.

The general reader will, it is hoped, be interested in the new light thrown upon the History of the Protectorate by these reliable witnesses, and may gain some idea of the beauty of those splendid specimens of seventeenth century art, hitherto unrivalled in any country, the Works of Thomas Simon.

The collector and student of English Coins will find amongst the numismatic information numerous facts, details, and elucidations which are absolutely unpublished; and the numerous Autotype plates will furnish the first correct, and in some instances, the only illustrations yet published of many pieces.

The work will be completed in about six parts, and only 250 copies will be printed; early application should therefore be made by intending subscribers to the Author— 75 Victoria Street, Westminster, London S. W.
