

Erratum: Late Ordovician-early Silurian destruction of the Iapetus Ocean: Newfoundland, British Isles and Scandinavia—a discussion

[Transactions of the Royal Society of Edinburgh: Earth Sciences 79 (1988), 361–382]

In this paper, on page 375, we published an Arenig palaeogeography in Figure 6 which showed the subduction zone off Laurentia as dipping northwards. This was a drafting error. The subduction zone should have dipped southward away from Laurentia. We apologise for this error and publish here a revised Figure 6 for the Arenig.
