Aims and Scope

Animal Health Research Reviews provides an international vehicle for the publication of reviews and commentaries on all aspects of animal health. The Journal covers both infectious and non-infectious diseases in companion, production and wild animals. Articles may be in-depth reviews of a specific aspect of a disease or pathogen, or may cover all aspects of a disease, but must include new findings or advance new concepts and hypotheses. The Journal publishes both solicited and unsolicited articles. Reviews will normally be 5000–6000 words in length. The Journal is also produced electronically and is available on the Internet. If you wish to write a review please contact the editors at ahrjournal@cambridge.org.

Subscriptions

Animal Health Research Reviews (ISSN 1466-2523) is published twice a year. The subscription price for institutions of Volume 12 (2011) which includes electronic access and delivery by air is £284 (US \$551 in the USA, Canada and Mexico); the electronic only price for institutions is £223 (US \$431 in the USA, Canada and Mexico).
