The authors of this article (McCarthy & de Leeuw, 2021) would like to supply the following author contribution statement:

Both authors contributed equally to the conceptualization and design of the project, with KMM leading the Sylheti language and community aspects and EdL leading the prosodic aspects of the study. KMM collected the data. Both KMM and EdL conducted the acoustic analysis. KMM conducted the statistical analysis with input from EdL. Both authors wrote the manuscript.
