

## GENERAL NOTES

ROYAL SOCIETY OF MEDICINE.

1 *Wimpole Street, London, W. 1.*

*Section of Laryngology.*—The Summer Meeting of the Section will be held on Friday, 5th June. There will be a Discussion on “Congenital Shortening of the Oesophagus and Thoracic Stomach resulting therefrom.” This will be opened by Dr. A. Brown Kelly and Professor Findlay.

Dr. Graham Hodgson will read a paper on “The Radiographic Demonstration of Sinusitis,” and a paper on “Treatment of Cicatricial Stenosis of the Oesophagus by Auto-dilatation” will be read by Professor Georges Portmannof, Bordeaux.

Sir St Clair Thomson will read a paper on “A Permanent Tracheostomy in Stenosis of the Larynx.” This will be illustrated by a series of patients.

Papers will be read at 9.30 A.M. Clinical cases will be shown at 4.30 P.M.

*President*, Mr. Frank A. Rose, 68 Wimpole Street, London, W. 1.  
*Hon. Secretaries*, Mr. V. E. Negus, 133 Harley Street, London, W. 1, and Mr. A. Lowndes Yates, 33 Weymouth Street, London, W. 1.

*Section of Otology.*—The Summer Meeting of the Section will be held at Queen’s College, Oxford, on Friday, 26th June, and Saturday, 27th June. There will be a Discussion on “Lateral Line Sense Organs,” opened by Dr. Hillier. A paper will be read by Mr. E. A. Peters on “Tests for Maximum Tuning-Fork Hearing,” and a demonstration will be given by Dr. Macnaughton-Jones of Models of the Ear.

*President*, Mr. A. R. Tweedie, 14 Oxford Street, Nottingham. *Hon. Secretaries*, Mr. L. Graham Brown, 32 Devonshire Place, London, W. 1, and Mr. T. B. Jobson, 9 Wimpole Street, London, W. 1.

\* \* \*

BRITISH MEDICAL ASSOCIATION.

Twenty-ninth Annual Meeting, Eastbourne, 1931.

The Meetings of the Sections of Laryngology and Otology will be held on 22nd and 23rd July. Details of the Discussions that will take place will be published in the July *Journal of Laryngology and Otology*.

*President*, W. M. Mollison, London.

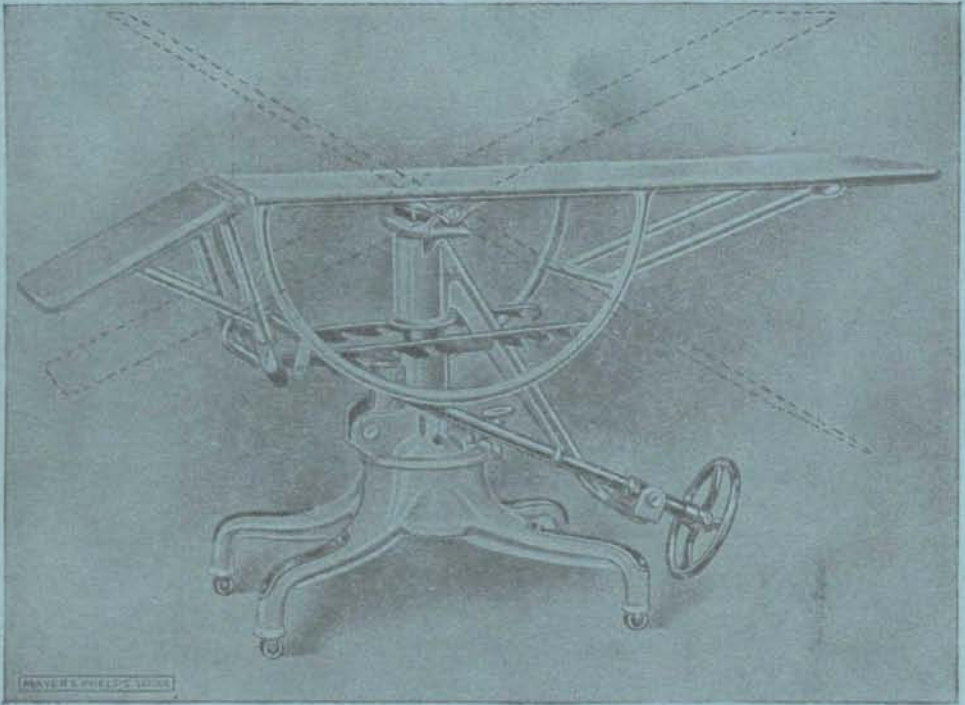

*Vice-Presidents*, J. B. Horgan, Cork; Bedford Russell, London; and E. Musgrave Woodman, Birmingham.

*Hon. Secretaries*, R. M. Barron and F. C. Ormerod.

# Peroral Endoscopy Table

Designed and built at Chiron Works for King's College Hospital

This table is arranged for nasal and aural operations as well as for endoscopic work.

The back rest is adjustable from the dependant position shown in the illustration to one nearly at right angles to the top of the table for nasal operations, in which case a suitable head rest is attached.

The table is adjustable in height and can be tilted in either direction and is absolutely rigid in any position. Further particulars furnished on request.
