

SCIENTIFIC SESSIONS

SUNDAY

			Room
9:00-12:00	JS1	Human and Experimental Neurobiology of Epilepsy	Ballroom B
9:00-12:00	JS2	ALS	Ballroom C

MONDAY

8:00- 8:45	M1	<i>Soriano Lecture:</i> Emerging Infections of the Nervous System	Ballroom A
9:00-17:30	T1	Molecular Genetics of Neurologic Disease	Ballroom B
9:00-12:30	S1	Botulinum Toxin Treatment in Neurology	Ballroom A
9:00-12:30	S2	Sports Neurology	8 and 15
9:00-12:30	S3	Neuroepidemiology	11 and 12
9:00-12:30	S4	Tropical Neurology	Ballroom C
14:00-17:30	S5	Diagnostic Ultrasound	8 and 15
14:00-17:30	S6	Neuro-Ophthalmology	Ballroom A
14:00-17:30	S7	Neurology of HIV Infections	Ballroom C
14:00-17:30	S8	Clinical Neurophysiology of the Motor System	11 and 12

TUESDAY

8:00- 8:45	M2	Schizophrenia	Ballroom A
9:00-17:30	T2	Recent Advances in Headache	Ballroom B
9:00-12:30	S9	Dementia: The Clinician's Dilemma	Ballroom A
9:00-12:30	S10	Recent Advances in the Study of Cerebrospinal Fluid	8 and 15
9:00-12:30	S11	Peripheral Neuropathies	Ballroom C
9:00-12:30	S12	Consciousness	11 and 12
14:00-17:30	S13	The Developing Brain	8 and 15
14:00-17:30	S14	Neurobiology of Alzheimer's Disease	Ballroom C
14:00-17:30	S15	ALS and Related Disorders	Ballroom A
14:00-17:30	S16	New Uses of Computers in Neurology	11 and 12

WEDNESDAY

9:00-17:30	T3	Neural Degeneration and Regeneration	Ballroom B
9:00-12:30	S17	Ischemic Stroke: Molecular Concepts and Rational Therapy	Ballroom C
9:00-12:30	S18	Neurological Aspects of Pain	Ballroom A
9:00-12:30	S19	History of Neurology	11 and 12
9:00-12:30	S20	Inflammatory Myopathies	8 and 15
14:00-17:30	S21	Neuro-Immunology	Ballroom A
14:00-17:30	S22	Epilepsy Update	Ballroom C
14:00-17:30	S23	Mitochondrial Encephalomyopathies	11 and 12
14:00-17:30	S24	The Impact of Economic Change on Clinical Neurology and Research	8 and 15

SCIENTIFIC SESSIONS

(CONTINUED)

THURSDAY

			Room
8:00-13:00	S25	<i>Fulton Symposium: Growth Factors and the Nervous System In Honour of Prof. Rita Levi-Montalcini</i>	Ballroom C
9:00-12:30	S26	Neuroimaging	Ballroom B
9:00-12:30	S27	Disorders of the Autonomic Nervous System	Ballroom A
9:00-12:30	S28	Neuro-Oncology	8 and 15
14:00-17:30	S29	<i>Presidential Symposium: Stroke 1993</i>	Ballroom B
14:00-17:30	S30	Cognitive Neurology	8 and 15
14:00-17:30	S31	Gene Therapy in Neuromuscular Disorders	Ballroom A
14:00-17:30	S32	Preparing Neurologists for the 21st Century	Ballroom C

FRIDAY

9:00-17:30	T4	Environmental Neurology	Ballroom B
9:00-12:30	S33	Parkinsonism	Ballroom A
9:00-12:30	S34	Ethics in Neurology	8 and 15
9:00-12:30	S35	Intensive Care of the Neurologic Patient	1, 2 and 3
9:00-12:30	S36	What's New in Multiple Sclerosis	Ballroom C
14:00-17:30	S37	Recovery After CNS Injury	Ballroom C
14:00-17:30	S38	Movement Disorders	Ballroom A
