

International Journal of ASIAN STUDIES

Instructions for contributors

IJAS publishes research on Asia, primarily in the social sciences and humanities. The Journal is particularly interested in locating contemporary changes within a historical framework, especially using interdisciplinary approaches, and promotes comparative studies involving the various regions of Asia. While the *Journal* will publish scholars from around the world, it aims to focus attention on the work of Asian scholars, in order to encourage multi-directional scholarly communication in Asian studies. *IJAS* seeks both original papers and survey articles that fall within its scope. Since the *Journal* is attempting to cross methodological boundaries, it will welcome papers that develop new methodologies within their general approach. For further information, visit www.ioc.u-tokyo.ac.jp/pub/i-journal_as/journal.htm
