ABOUT THE COVER:

Dr. Andy, Tam Yin Bui, Deputy Senior Medical Officer, Accident & Emergency Dept., United Christian Hospital, Hong Kong. April–May 2003.

Intubation and other high risk procedures in the SARS ED are conducted in a negative pressure resuscitation room using full personal protection equipment including Air-mate — an air supply system with HEPA (high efficiency air powered) filter, headgear and sealed face shield.

Photo by: Dr. Wong Wing Nam, Medical Officer, Accident and Emergency Department, UCH, Hong Kong.
