

# The Anabaptist View of the Church

*by Franklin H. Littell*

Frank S. Brewer Prize Essay of the American Society  
of Church History

The Dean of the Chapel of Boston University has made here a major contribution to the expanding literature on the Left Wing of the Reformation. By using largely neglected sources, Dr. Littell has achieved a precise definition of the essence of Anabaptism in terms of the doctrine of the Church.

**T**HESE twenty-six uniform volumes will bring to the modern reader one of the priceless possessions of Western civilization — the great writings of Christianity from the Early Fathers through the English Reformation. Edited by the finest scholars available today, these books contain brilliant new translations of material hitherto unavailable in English, and fresh translations of treatises existing only in older, unsatisfactory English texts, with comprehensive introductory articles, explanatory notes, bibliographies, and indices.

The books themselves are eminently worthy of their contents. They are printed on high quality non-glare paper, bound in deep blue cloth stamped in gold foil and impregnated to resist finger-marks and insects. Attractive 3-color jackets. Size 6" x 9".
