

JOURNAL OF PALEONTOLOGY

VOLUME 77 ■ NUMBER 1 ■ JANUARY 2003 ■ ISSN 0022-3360

1 Martin J. Head and Geoffrey Norris

New species of dinoflagellate cysts and other palynomorphs from the latest Miocene and Pliocene of DSDP Hole 603C, western north Atlantic

16 James E. Sorauf and Gregory E. Webb

The origin and significance of zigzag microstructure in late Paleozoic *Lophophyllidium* (Anthozoa, Rugosa)

31 Pan Hua-zhang and Alex G. Cook

Early Devonian gastropods from Zhusilenghaierhan region, western inner Mongolia, China

44 Pan Hua-zhang, D. H. Erwin, A. Nützel, and Zhu Xiang-shui

Jiangxispira, a new gastropod genus from the early Triassic of China with remarks on the phylogeny of the Heterostropha at the Permian/Triassic boundary

50 Richard L. Squires and Louella R. Saul

New late Cretaceous (Campanian and Maastrichtian) marine gastropods from California

64 Oive Tinn and Tõnu Meidla

Ontogeny and thanatocoenoses of early middle Ordovician palaeocope ostracode species *Brezelina palmata* (Krause, 1889) and *Ogmoopsis bocki* (Opik, 1935)

73 Heather M. Wilson

A new scolopendromorph centipede (Myriapoda: Chilopoda) from the lower Cretaceous (Aptian) of Brazil

78 Ed Landing, Stephen R. Westrop, Linda Van Aller Hernick

Uppermost Cambrian–lower Ordovician faunas and Laurentian platform sequence stratigraphy, eastern New York and Vermont

99 David M. Rudkin, Graham A. Young, Robert J. Elias, and Edward P. Dobrzanski

The world's biggest trilobite—*Istotelus rex* new species from the upper Ordovician of northern Manitoba, Canada

113 Thomas W. Broadhead and Colin D. Sumrall

Heterochrony and paedomorphic morphology of *Sprinkleocystis ektopios* new genus and species, (Rhombifera, Glyptocystida) from the middle Ordovician (Caradoc) of Tennessee

121 Thomas W. Kammer and Forest J. Gahn

Primitive cladid crinoids from the early Osagean Burlington Limestone and the phylogenetics of Mississippian species of *Cyathocrinites*

139 William I. Ausich

Lower Mississippian crinoid (Echinodermata) fauna from Utah County, Utah

146 Leanne J. Pyle and Christopher R. Barnes

Conodonts from a platform-to-basin transect, lower Ordovician to lower Silurian, northeastern British Columbia, Canada

172 David S. Berman and Amy C. Henrici

Homology of the astragalus and structure and function of the tarsus of Diadectidae

COMMENT AND REPLY

189 Colin D. Sumrall and Christopher A. Brochu

Resolution, sampling, higher taxa and assumptions in stratocladistic analysis

195 Daniel C. Fisher and Brian E. Bodenbender

Blastoid stratocladistic—reply to Sumrall and Brochu
