Greg Aldering, University of Minnesota, USA
James Annis, Experimental Astrophysics Group, Fermilab, USA
Kentaro Aoki, National Astronomical Observatory of Japan, Japan
Brent A. Archinal, U.S. Naval Observatory, USA
Robert W. Argyle, Royal Greenwich Observatory, England
Boris Artamonov, Sternberg Astronomical Institute, Russia
Norbert Bade, Hamburger Sternwarte, Germany
Neta Bahcall, Princeton University, USA
Sandro Bardelli, Osservatorio Astronomico di Trieste, Italy
James Bartlett, Observatoire Astronomique de Strasbourg, France
David J. Batuski, University of Maine, USA
Robert Becker, Lawrence Livermore National Laboratory, USA
Charles Beichman, Caltech/JPL, USA
Olivier Bienayme, Observatoire Astronomique de Strasbourg, France
Francois Bonnarel, Observatoire Astronomique de Strasbourg, France
Kirk Borne, Hughes STX - Goddard Space Flight Center, USA
Francois Boulanger, Institut d'Astrophysique Spatiale, France
Wolfgang Brinkmann, MPI für Extraterrestrische Physik, Germany
Noah Brosch, Wise Observatory, Israel
Robert J. Brunner Johns Hopkins University, USA
Blaise Canzian, USRA/U.S. Naval Observatory, USA
Daniela Carollo, Osservatorio Astronomica di Torino, Italy
Jian-sheng Chen, Beijing Astronomical Observatory, China
Cynthia Cheung, NASA/GSFC, USA
Yaoquan Chu, University of Science and Technology, China
Angie Clarke, Space Telescope Science Institute, USA
James Condon, National Radio Astronomy Observatory, USA
Andrew Connolly, Johns Hopkins University, USA
Kem Cook, Lawrence Livermore National Laboratory, USA
Eric Copet, Observatoire de Paris, France
Thomas E. Corbin, US Naval Observatory, USA
Chris Cornuelle, University of Minnesota, USA
Reinaldo de Carvalho, California Institute of Technology, USA
Brian Dennison, Physics Dept., Virginia Tech, USA
Eric Deul, Sterrewacht Leiden, Netherlands
Mark Dickinson, Space Telescope Science Institute, USA
Seth Digel, Hughes STX, NASA/GSFC, USA
Michael Disney, College of Cardiff, University of Wales, Wales
S. George Djorgovski California Institute of Technology, USA
Jesse Doggett, Space Telescope Science Institute, USA

Paul Feldman, Johns Hopkins University, USA
Holland Ford, Johns Hopkins University, USA
Wolfram Freudling, Space Telescope - ECF, Germany
Ernst F. G. Fürst, Max-Planck-Institut für Radioastronomie, Germany
Yasuo Fukui, Dept. of Physics and Astrophysics, Nagoya Univ., Japan
Roy Gal, California Institute of Technology, USA
Lorraine Garcia, Space Telescope Science Institute, USA
Jonathan P. Gardner, University of Durham, England
Stephen Gauss, U.S. Naval Observatory, USA
Neil Gehrels, NASA/GSFC, USA
Marvin E. Germain, U.S. Naval Observatory, USA
Daniel Golombek, Space Telescope Science Institute, USA
Gretchen Greene, Space Telescope Science Institute, USA
Loretta Gregorini, Istituto di Radioastronomia, CNR, Italy
Herbert Gursky, Naval Research Laboratory, USA
Martin Harwit, USA
Guenther Hasinger, Astrophysikalisches Institut Potsdam, Germany
Michael Hauser, Space Telescope Science Institute, USA
George Hawkins, Space Telescope Science Institute, USA
Jeffrey J.E. Hayes, Space Telescope Science Institute, USA
David Helfand, Columbia University, USA
George Helou, NED/IPAC, USA
Richard C. Henry, Johns Hopkins University, USA
Martin Hiesgen, Observatoire Astronomique de Strasbourg, France
Robert Hindsley, U.S. Naval Observatory, USA
Erik Hoeg, Copenhagen University Observatory, Denmark
Ulrich Hopp, Universitaetssternwarte Munich, Germany
Don Horner, Goddard Space Flight Center, USA
Jiasheng Huang, Univ of Hawaii - Institute for Astronomy, USA
Takashi Ichikawa, Kiso Observatory, University of Tokyo, Japan
Helmut Jenkner, Space Telescope Science Institute, USA
Justin Jonas, Rhodes University, South Africa
Derek Jones, Royal Greenwich Observatory, England
Namir E. Kassim, Naval Research Laboratory, USA
Anne Kinney, Space Telescope Science Institute, USA
Stephen Knapp, Johns Hopkins University, USA
Alexei Y. Kniazev, Special Astrophysical Observatory, Russia
Joachim Krautter, Landessternwarte Heidelberg, Germany

Martin W. Kümmel, Landessternwarte Heidelberg, Germany
Kip Kuntz, GSFC and University of Maryland, USA
Andrei Kuzmin, Sternberg Astronomical Institute, Russia
Constanze la Dous, Sonneberg Observatory, Germany
Ofer Lahav, Institute of Astronomy, Cambridge, England
Vicki Laidler, Space Telescope Science Institute, USA
Jeff Larsen, University of Minnesota, USA
Barry Lasker, Space Telescope Science Institute, USA
David Leisawitz, Goddard Space Flight Center, USA
Carol Lonsdale, California Institute of Technology, USA
Harvey T. MacGillivray Royal Observatory Edinburgh, Scotland
Steven Majewski, University of Virginia, USA
Robert Mann, Imperial College, England
Michael R.W. Mashedor, University of Bristol, England
Peter R. McCullough, Univ of Illinois, Astronomy Dept, USA
Thomas A. McGlynn, NASA Goddard Space Flight Center/USRA, USA
Timothy A. McKay, University of Michigan, USA
Brian McLean, Space Telescope Science Institute, USA
Michael Meakes, Space Telescope Science Institute,, USA
Rene A. Mendez-Bussard, European Southern Observatory, Germany
Francois Mignard, OCA/CERGA, France
Richard S. Miller, Los Alamos National Laboratory, USA
Bruno Milliard, Laboratoire d'Astronomie Spatiale du CNRS, France
Marat Mingaliev, Special Astrophysical Observatory, Russia
Edward C. Moran, IGPP/LLNL, USA
David Morgan, Royal Observatory Edinburgh, Scotland
Jane Morrison, Astronomisches Rechen Institut, Germany
Ulisse Munari, Osservatorio Astronomico di Padova, Italy
Petra Nass, Max-Planck Institut für Extraterrestrische Physik, Germany
Heidi Newberg, Fermilab, USA
Yasushi Ogasaka, NASA/GSFC/JSPS, USA
Tomoharu Oka, The Institute of Physical and Chemical Research, Japan
Sadanori Okamura, Dept. of Astronomy, University of Tokyo, Japan
Seb Oliver, Imperial College of Sci. Tech. and Medicine, England
